iléktró™

sixteen fifty electric fire

Complete your living space with the Ilektró 1650.

With single-sided, double-sided and triple-sided glass layout options included in every professionally-packed Ilektró fireplace kit, this range offers you the flexibility to express your style and create the perfect focal point for your room.

The display can be used with or without distributing heat, allowing you to create firelight ambience even on a warm summer's evening.
