& SERVICE

**WATERPROOFING
& INSULATION
SOLUTIONS** FOR THE
BUILDING ENVELOPE

BALCONIES

Fully and partially reinforced systems for balcony spaces.

PARKING

Fully and partially reinforced systems capable of withstanding heavy vehicular traffic.

ACOUSTIC SOLUTIONS

To meet building standards and provide a more comfortable environment for work and play.

INVERTED ROOFS

Fully reinforced structural waterproofing systems designed for flat roofing applications.

PODIUM DECKS

Fully reinforced, flexible, structural waterproofing systems for podium decks.

COMPLEX PROFILES

Decorative, reinforced synthetic waterproofing systems for complex profiles and facades.

FLAT ROOFS

Fully reinforced bituminous waterproofing systems designed for flat roofing applications.

BARREL & DOME STRUCTURES

Fully reinforced bituminous waterproofing systems designed for barrel and dome structures.

BALLASTED ROOFS

Fully reinforced bituminous waterproofing systems designed for ballasted and inverted roofs.

PEDESTRIAN TRAFFIC

Fully and partially reinforced systems constructed to withstand consistent pedestrian traffic.

MONO PITCH ROOFS

Aesthetic and functional waterproofing membranes for mono-pitch designs.

GREEN ROOFS

Fully reinforced systems for waterproofing under green roof installations.

CURVED STRUCTURES

Flexible, reinforced synthetic waterproofing systems for curved, barrel and wave formed roofs.

BRIDGEDECKS

Robust waterproofing solutions for trafficable environments.

RETROFIT INSULATION SYSTEMS

Fully breathable internal wall insulation systems for retrofit projects.

BASEMENTS

Reinforced bituminous membranes and insulation for basement construction.

LAKES, PONDS & TANKS

Reinforced synthetic membranes for lakes, ponds and tanks.

UNDERGROUND WORKS

Specialist waterproofing for tunnels and underground structures.

Established in all construction sectors, **SOPREMA** strive to deliver the best solution for your project.

EXPERTS IN WATERPROOFING & INSULATION

Understanding the different needs of a building in terms of use, occupancy, and functionality enables us to recommend the correct waterproofing and insulation solution every time in order to exceed client expectations and design requirements.

SPECIFY SOPREMA FOR:

SOPREMA has over 100 years experience in the manufacture of building envelope waterproofing and insulation solutions.

SUPERIOR PERFORMANCE:

Providing high quality, durable waterproofing and insulation solutions that guarantee performance of construction projects.

CUSTOMER SATISFACTION:

Major areas of research are aimed at offering efficient solutions, and also developing products that protect the environment and users alike. Quality, safety and environmental protection are priorities under company policy.

INTERNATIONAL EXPERIENCE:

SOPREMA products have been used around the world for more than 100 years, from northern Canada to the heat of Arabia and tropical areas. On roofs, roof gardens, basements, reservoirs, tunnels and bridges.

TECHNICAL EXPERTISE:

Outstanding technical support is available from our experienced team; from design stage and bespoke specifications through to on site support and project sign off.

AESTHETIC APPEAL:

SOPREMA waterproofing and insulation products are designed to fit with the surrounding architectural design. With innovation in mind, SOPREMA has developed a number of unique waterproofing systems to address the needs of specifiers today.

SOLUTIONS FOR A SUSTAINABLE FUTURE:

SOPREMA continues to invest millions of Euros in sustainable development in the domains of treatment of atmospheric emissions, limiting of water use, waste recycling and the reduction of energy consumption and primary resources.

APPROVED INSTALLERS:

Approved contractors are closely evaluated and trained before being authorised to install SOPREMA products. Close partnerships are maintained to ensure the highest standards are maintained.

HYBRID SYSTEMS FOR COMPLEX APPLICATIONS:

SOPREMA offer a number of hybrid waterproofing systems that combine multiple types of waterproofing in order to achieve even the most complex designs. All SOPREMA system solutions are covered by an industry leading single point guarantee.

INDEPENDENT ACCREDITATION AND SINGLE POINT WARRANTY

With extensive independent accreditation and certification including BBA, FM, WRAS, ISO 9001 and ISO 14001, in addition to an industry leading warranty offer, **SOPREMA** guarantee peace of mind for your project.

TECHNICAL SUPPORT

SOPREMA provide support through Technical Continued Professional Development seminars, site visits and inspections, product installation training and a bespoke specification service.
