

## The VELOPA Banbury Cycle Shelter

The VELOPA Banbury Cycle Shelter is a fully modular, contemporary, cantilevered cycle shelter. Manufactured from mild steel and galvanised as standard to ensure its longevity, the Banbury Shelter is compatible with all standard height VELOPA cycle stands and racks. Two, three, four or five metre extension bays can be added to achieve the desired shelter length.

Available ragged only, the Banbury Cycle Shelter can be colour coated to any standard BS or RAL colour as required; codes must be specified at time of order. A three metre bay will house up to eight bicycles using Sheffield Cycle Stands.

*Images show a four metre Banbury Cycle Shelter and five stand Sheffield Toastrack Cycle Rack*

## Options

Order Code	Description	Weight
138 204 570	2m Main Bay	190.0kg
138 204 572	3m Main Bay	235.0kg
138 204 574	4m Main Bay	281.0kg
138 204 576	5m Main Bay	327.0kg
138 204 571	2m Extension Bay	133.0kg
138 204 573	3m Extension Bay	178.0kg
138 204 575	4m Extension Bay	223.0kg
138 204 577	5m Extension Bay	268.0kg

## Product details

Front Height: 2,500mm  
Rear Height: 1,730mm  
Depth: 2,700mm  
Width: 2m-5m  
4mm clear PET sheet

## Installation & use

Ragged versions require setting into a hole of at least 1200mm x 600mm x 550mm per end (length x width x depth).  
Allow at least 50mm below the foundations for drainage.  
Cladding/roofing needs to be drilled/fixed on site. Sheeting is clamped to frame using clamping strips.  
This product is guaranteed for 12 months (*if installed and used correctly*).
