

## The VELOPA Ingleton Cycle Shelter

The Ingleton shelter is a free-standing, single sided cycle shelter designed for on site assembly, constructed from galvanised steel and PET sheet. The frame is made entirely from galvanised mild steel; the uprights are 76mm round tube and the roof frame is 50mm square tube. The roof is 4mm clear sheet.

The rolled round tube legs offer an elegant yet strong frame that emphasises the modern aesthetic of the shelter, the Ingleton shelter is an ideal basis for sheltered cycle parking needs in public spaces.
