

### **The AUTOPA Plain Round Bollard (Stainless)**

AUTOPA's range of Plain Round Stainless Steel Bollards is a simple and elegant way of controlling vehicle parking and access. Plain Round Stainless Steel Bollards are ideal for use around pedestrian precincts, shops, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

Plain Round Stainless Steel Bollards are available in Grade 304 or Grade 316 Stainless Steel.

### **Options**

<b>Order Code</b>	<b>Description</b>	<b>Weight</b>
138 125 105	101mm (Ragged)	10.4kg
138 125 152	154mm (Ragged)	15.9kg

### **Product details**

1,500mm above ground  
500mm below ground  
2mm wall thickness

### **Installation & use**

Ragged bollards require an excavated hole of approximately 400mm<sup>2</sup> x 500mm deep for installation. AUTOPA recommends that bollards are placed no further than 1,200mm apart to ensure that no vehicle may pass between them. This product is guaranteed for 12 months (*if installed and used correctly*).
