

# GLASS SCREENS AND PARTITIONS

ion

GLASS FOR LIFE

Ion Glass bespoke screens and partitions are perfect to create functional spaces, room divisions and fully enclosed meeting rooms.

Stylish and appropriate in a wide range of commercial, residential or heritage environments, especially where easy maintenance and maximum light flow are important.

- Frameless designs for a contemporary and minimal result
- Multiple panels in bespoke dimensions
- Include minimal, fully frameless glass doors
- Free standing glass partitions or glass screens to divide spaces
- Seamless water-tight dividers for flawless screens in wet areas
- Incorporate bespoke structural glass fins or beams
- A wide choice of fixing options including channel set, clamping systems and patch fittings
- Exposed or concealed fixings
- Compliance assured with all relevant building and conservation regulations

**Subject to individual requirements and compliance Ion Glass bespoke screens and partitions can be specified in a choice of glass finishes, sizes and metalwork options including:**

- Clear float glass
- Low iron extra clear or tinted glass
- Sandblasted glass for an opaque or decorative finish
- Include patterns or applied manifestations, logos or designs
- Acoustic or fire-rated glass
- Switchable glass for instant privacy
- Single panels of glass or a series of linked panels to meet specific dimensions
- Straight or curved glass
- Bespoke metal steelwork individually commissioned or manufactured by Ion Glass.
- All visible metalwork can be specified in polished or brushed stainless steel; powder coated mild steel finishes available.

We offer individual, location specific advice on the appropriate fixing methods, glass size and glass specification to ensure compliance.

### Unrivalled Service

All projects are surveyed to confirm the design, layout, initial measurements and templated as required. All our installations are carried out by fully trained and experienced Ion Glass technicians, managing logistics and lifting procedures throughout the process.

For full details of the scope of our work, click on [www.ionglass.co.uk](http://www.ionglass.co.uk). To discuss your project with our team of experts contact us by phone or email.
