Photocatalytic natural paint for interiors and exteriors.

HIGHLY BREATHABLE
HIGH PERFORMANCE | WASHABLE

DOUBLE DECONTAMINANT EFFECT

This paint **captures the harmful particles** of your home and **decomposes** them using the incidence of light, creating...

a healthier home

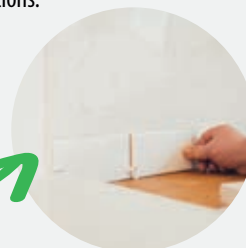

NATURAL MORTARS

REPAIRING

Naturglue Premium

Natural adhesive mortar with graphene technology. Ideal for bonding tiles, ceramics and as a anchor for insulation boards (EIFS) and non-flooding solutions.

NATURAL LIME MORTARS WITH GRAPHENE

MortarBase Premium
COARSE FINISH

Rendering grouts and as a first regulation coat in rehabilitation, restoration and new works.

MortarFine Premium
FINE FINISH

Plastering and smooth finishes in rehabilitation, restoration and new works.

MortarSuper Premium
SUPER FINE FINISH

High decoration finishes (textured, combed...) in rehabilitation, restoration and new works.

NaturMortar BASE / FINE

Natural mortars of hydraulic lime. Ideal as a gripping mortar, first regulation coat, thanks to its coarse aggregates (BASE). Also for leveling, shaving, uniforming and/or giving a finish of medium grain on plasters (FINE).

COARSE OR FINE FINISH
HIGHLY BREATHABLE

FINISHES & TREATMENTS

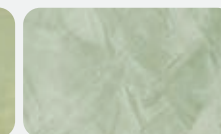

CREATE A VENETIAN STUCCO COATING

Stuki Premium
Natural coating to obtain stuccos in interiors and exteriors.

EASY TO APPLY | GLOSSY
HIGHLY BREATHABLE

Easy to apply

L44 Antialgae / mold

L42

AmbientPrimer Premium
Primer for absorbent supports or areas prone to algae growth.

L42 for absorbent supports.
L44 - ANTIALGAE / MOLD for cellars, rooms without ventilation and prone to the growth of microorganisms.

StopWater Premium

Anti-moisture treatment prior to painting. It retains moisture, facilitating painting.

Neutralysal Premium

Colourless saltpeter-resistant treatment. Prevents the appearance of white spots.

Minerseal Premium

Mineral sealer for sandy supports. Protects mineral finishes such as plasters, exposed concrete, calcareous sandstone, etc.

HEALTHY PAINTS

With graphene technology

Thanks to their formula with graphene fibers they have unique properties:

RESISTANCE = Very good washability

DURABILITY = More resistant and durable

FLEXIBILITY = Non cracking or blistering

PERFORMANCE = Work and material savings

Healthy indoors and outdoors

Thanks to its mineral base and its toxic-free formula Graphenstone's paints are:

BREATHABLE = They allow the flow of air in the support

HEALTHY = Ideal for people with allergies or asthma

ODOURLESS = Paint and occupy the room at the time

VOC FREE = Take care of the health of your home

Transform your **HOME** into a **TREE**
by painting with **GRAPHENSTONE***

*Three 15 litre buckets of our paint absorbs more than 10Kg of CO₂. This is the same amount an adult tree weighing 250Kg would absorb in one year.
