About the Poster Case 2000

The Poster Case 2000 external notice board has a 75mm deep aluminium frame and cast aluminium corners. As standard the door is glazed with 4mm shatterproof plexishock but can be supplied with toughed safety glass at no additional cost. The board has a security lock which is supplied with two keys. The rapid swap door system which allows you to replace the doors easily should it become damaged without the use of tools or removing the poster display. The board has an elastomer seal, anti-condensation vents and zinc electroplated steel backboard for use with magnets.

Material and Standards

The poster case 2000 has an aluminium profile EN AW 6060 - BS EN 573-3. The door is glazed with plexishock glazing which is a transparent organic UV blocking material with good shock resistance ISO 7032-2. Aluminium posts EN AW 6106, EN AW 6060 and EN AW 6063 - EN 755-2 providing high mechanical strength.
