About the Macflex Universe Fabric

The Macflex Universe fabric is fire rated to BS476 Part 7 Class 1, BS 5852 01 (cigarette and match)

Fire Rated Notice Boards

European Standards Class B (Highest Rating)

Class B fire resistant notice boards have been designed and tested to meet the latest European fire regulations EN13501-1:2007+A1:2009 Class B. These notice boards are suitable to be mounted in corridors, stairways, lobbies, escape routes and dead end corridors. Please note the European Class B replaces the British Standard Class O

British Standards Class 1

Class 1 fire resistant notice boards have been designed and tested to meet British Standard BS476 Part 7, Class 1. The boards have a fire resistant material covering/surface and are suitable for offices and classrooms where the risk of fire is minimal. If there is any risk of fire whatsoever then Class B is advised.
