Old Yorkstone Paving

Heralded as one of the best paving materials in the world, Yorkshire stone has been used for hundreds of years. Unfortunately this product is now becoming quite rare as their are very limited supplies. Bingley Stone are able to supply quality selected and graded reclaimed Yorkstone with a good quality, smooth face. These are then cleaned and ready for re-use. These paving flags would be a beautiful, traditional asset to any garden.

Rustic Reclaimed

Rustic reclaimed Yorkshire stone has the same specification as Old Yorkstone paving in relation to its quality and availability for use, the only difference being that the surface of the stone has a more textured quality know as "riven". Again this paving would look traditional and rustic in any garden setting.
