

# Drain Dye

*Available in Six Colours*

 Red	 Green	 Orange
 Blue	 Purple	 Yellow

Drain Dye is a non-toxic and odourless drain tracer product for finding leaks, drain damage, contamination and water pathways. It is easy to use, non-harmful and highly concentrated.

The Drain Dye adds a strong colour to water - use just a teaspoon of Drain Dye with 10 litres of water to trace the underground flow of a drainage system. Whether a sewerage pipe or grey water system, the Drain Dye is a quick and simple system, giving the information you need to proceed with a project.
