

 Dimplex®

THE  
INDULGENCE  
RANGE

## Indulge your home

---

The delight and simplicity of a realistic looking electric fire combined with the extravagance of handcrafted stone – Dimplex presents the Indulgence fireplace suites.

## Indulgence Suites

---

Create the perfect retreat in your home with a sumptuous fireplace surround that frames the most realistic flame-effect electric fire in the world. Dimplex introduces the Opti-myst® Indulgence suite.

A deceptively real looking Opti-myst® fire, with its captivating fully three-dimensional flame and smoke effect, is encased in a luxurious surround handcrafted in a choice of micro-marble or limestone.

This exclusive range of fireplace suites is presented in three designs, with a choice of inset or outset, and four materials to ensure the Opti-myst® fire is the warm, comforting centrepiece of any room.

All suites feature the same Opti-myst® fire, which has the added benefit of flame-only setting so you can enjoy a cosy atmosphere on mild but dull days.

### ① Select from three stunning designs:

- The graceful blend of sharp lines and soft curve of **Antigua**
- The simple modernist elegance of **Bali** (available with or without shelf option).
- The refined, traditional styling of **Mustique**

### ② Select installation type:

Indulgence suites support both outset or inset installations. When opting for the latter installation the Opti-myst® fire can be inset into the wall, providing a sleeker look to the Indulgence surround. Outset enables the suite to be placed flat to the wall.

### ③ Finally choose your material. Dimplex offers a choice of three polished Mirco-marble materials:

- **Crema Rosa**, a warm mocha marble with hints of autumnal colour playing through its interlocking mosaic of crystals
- **Creme Sion**, captures the romance of the Italian Alps with a smoky matrix of dolomitic crystals and sparks of sharp, bright colour throughout
- **Polari**, emulates the classical purity of white Aegean marbles
- The fourth option is **Portuguese Limestone**. Used for centuries, this fine grained stone brings a cool and subtly natural finish to your fireplace.

The Indulgence range is available from a selected range of retailers who will have at least one suite and a full set of surround materials to show you. They will also be able to discuss your individual installation requirements. To find your nearest retailer, please visit [www.dimplex.co.uk/indulgence](http://www.dimplex.co.uk/indulgence).

# Antigua

---

A graceful blend of sharp lines and soft curves.

## Features

- Choice of four stone materials (see page 10 for more details)

# Mustique

---

Refined and traditional styling.

## Features

- Choice of four stone materials (see page 10 for more details)
- Choice of whether to inset or outset the fireplace
- Realistic Opti-myst® flame and smoke effect
- 2kW fan heater with choice of two heat settings
- Thermostat
- Remote control
- Variable flame and smoke intensity control
- Flame effect can be used independently of heat

## Materials

---

The Indulgence range is available in four different materials to allow you to select the one that best suits your home.

**Limestone**

**Rosa**

**Polari**

**Sion**

### **The materials**

Limestone and marble are porous – do not put glasses or cups directly onto it as they will mark. Natural markings (e.g. fossils, coal flecks) are always present in limestone.

To see the full set of surround materials, please visit your local Indulgence range retailer. Details can be found at [www.dimplex.co.uk/indulgence](http://www.dimplex.co.uk/indulgence).

## Technical specifications

### Installation Guidance

This brochure is not intended as an installation guide. For safety, products should only be installed by a suitably qualified professional, in accordance with current regulations and the manufacturer's instructions. All limestone and marble fireplaces are heavy and must be fixed by mechanical means to the structure of the wall. It is the installer's responsibility to ensure a strong and lasting fix can be made. If you require further advice concerning the installation of our products – especially where the installed dimensions may be critical to your choice and the location of the product – please consult the installer.

### Inset details

Inset fireplace requires an opening in wall –  
w 750 x h 730 x d 165mm

*All dimensions in millimetres*

## The Dimplex Range

Dimplex offers the widest range of electric space and water heating products in the world – nearly 700 – to meet any heating need. In addition to this publication, we have a wide range of brochures for both domestic and commercial applications. Please visit our website for more information.

### After Sales Service

If you require after sales service please visit [www.dimplex.co.uk/support](http://www.dimplex.co.uk/support)

### CE Mark

Our products carry the CE mark complying with European safety standards and the European Standard for electromagnetic compatibility.

### British Electrotechnical Approvals Board BEAB Approved

The mark of the British Electrotechnical Approvals Board signifies that the appliance bearing it has been produced to the stringent safety requirements for domestic electrical appliances as laid down in BSEN60335. All Dimplex electric fires are approved by BEAB or awaiting approval at time of printing.

### Specifications

Dimplex policy is one of continuous improvement; the Company therefore reserves the right to alter specifications without notice. Although every care has been taken in the reproduction of product finishes in this brochure, the colour photographs and the flame effects should be taken only as a guide. The information contained in this brochure is correct at the time of printing. You are advised to consult your dealer before purchasing.
