SH IR Cobra Product Specification

220v = £220
110v = £230

Technical specifications

CE: In compliance with EN 60335-1, EN 60335-2-45 standards.
Connection: 1 phase standard grounded outlet.
Cable: 3 x 1 sq mm rubber cable, 2.5 m length.
Voltage: 220-240
Output : 700w

Weight: approx: 600g.
Dimensions: L= 355 mm, W= 95 mm.
Heating surface: 90 x 70 mm.

SH IR SYSTEM 1100 RS

Product Specification
Model 1100RS-04, 220-240 Va.c., 1100 Watt
Includes:-
Instruction/Safety Manual
Angle support.
SH Boomerang Scraper.
SH Chisel with Roller.
SH Putty Scraper

220v = £435
110v = £460

Technical specifications

CE: In accordance with EN 60335-1, EN 60335-2-45 standards.
Connection: 1 phase standard grounded outlet.
Cord: 16 gauge 3 wire, 2.5 m long.
Volts: 220-240 / 110
Output : 1100w
Amps: 4.8

Weight: appr.ox. 1400g.
Dimensions: L= 355 mm, W= 90 mm, H= 200 mm.
Heating Element: 2 x 550 Watts IR tubes
Heating surface: 310 x 70 mm.

SH IR SYSTEM STANDARD

Product Specification
Model 1100-04, 220-240 Va.c., 1100 Watt
(Model 1100-24 GB, 110 Va.c., 1100 Watt)
Includes:-
Instruction/Safety Manual
Angle support.
SH Profile Scraper.
SH Clapboard Scraper.

220v = £395
110v = £430

Technical specifications

CE: In accordance with EN 60335-1, EN 60335-2-45 standards.
Connection: 1 phase standard grounded outlet.
Cord: 16 gauge 3 wire, 2.5 m long
Volts: 220-240 / 110
Output : 1100w
Amps: 4.8 / 10

Weight: approx. 1900g .
Dimensions: L= 370 mm , W= 170 mm , H= 160 mm
Heating Element: 2 x 550 Watts IR tubes
Heating surface: 310 x 125 mm

SH IR SYSTEM PROFESSIONAL T

Product Specification
Model 1100-04T, 230V – 2200 Watt.
Includes:-
Speedheater Arm Professional,
including 3 unit's vertical tube,
2 scaffold attachments fitting diameters 40 – 55 mm.
Siding attachment, 2 units
Transport / storage case, made out of wood.
SH Profile scraper, item. No 4-0102.
SH Boomerang scraper, item.
SH Clapboard scraper, item.

P.O.A

Technical Specification

CE: in accordance with EN 60335-1, EN 60335-2-45 standards.
Connection: 1- phase AC with earth.
Connection cable: 3x1.5 kvmm rubber cable, length 4 meters.
Volts: 220-240
Output : 2200w
Watts: 2200
Amps: 9.6

Weight: 4950g
Size: L= 370mm, W= 330mm, H= 220mm.
Heating element: 4 x 550 Watt IR-bulb.
Heat surface: 340 x 320mm

Speedheater Arm Classic £225.00

Adjustable suspension system that provides flexibility and efficiency, that allows you to work with both hands, made in high quality galvanized steel. Comes with 2 wall ties and a clamp for use with tubes, including scaffolding tubes, up to 42 mm.

Speedheater Scrapers £24.50

SH Profile Scraper: For large profiles

SH Boomerang Scraper: For finer details

SH Clapboard Scraper: For efficient scraping of large areas

The unique scrapers are manufactured from toughened steel that can easily be re-sharpened. The handles are ergonomically designed for comfort and efficiency.

SH Window Kit. £55.00

SH Putty Scraper.

For removing residual window putty / glazing on the sash and the window glass.

SH Chisel with Roller.

It allows you to easily remove the putty after it has been heated with the Speedheater.

SH Boomerang Scraper.

For scraping fine carpentry such as window, furniture and beading.

Replacement Infrared Tubes are available for the SH IR System Standard and SH IR System RS 1100. £72.00

They have an expected life of 5,000 hours with normal use and are supplied in pairs. It is recommended to replace both tubes at the same time for best results.

all prices exclude carriage and vat
