blends 

With the amazing range of bricks available from Ibstock, it is difficult to imagine there isn't a brick to match any situation. Whether it is to match up with existing brickwork or to impress your own identity upon a new project, the options are unlimited.

We have recently supplied bespoke blends to a number of prestigious projects including the Kia Oval Cricket Ground, London, various academic and student accommodation buildings at Sussex University, up-market apartments in Canada Water, London and the Civic Offices, Addlestone, Surrey.

This brochure features some of our most popular blends and also introduces some new blends that have been especially created to meet the architectural trends of today.

An infinite number of combinations can be created from our range so please try our blending tool at [www.ibstock.com/brick-blender](http://www.ibstock.com/brick-blender) or speak to us in order to create your own completely unique product.

## Specialist Blending Factories

These 5 factories have a rich history in producing beautiful brick blends – but with another 15 manufacturing sites and more than 300 brick types in our range, the possibilities really are endless.

SWANAGE

TRADITIONAL AND BESPOKE STOCK BRICKS

Beautiful individually crafted stock bricks available in unique colours, textures and sizes. All products are complemented with a full range of handmade special shapes.

BIRTLEY

MAKING BEAUTIFUL BRICKS FOR OVER A CENTURY

Authentic waterstruck bricks manufactured for over 100 years. Birtley couples traditional production with the latest firing technology creating an extensive and varied range of colours.

LEICESTER

THE HOME OF BEAUTIFUL STOCK BRICKS

The largest range of standard and crease-textured stock bricks of any factory in the UK, making Leicester your first choice for stock bricks.

WEST HOATHLY

CLAMP-FIRED STOCK BRICKS

One of the last traditional Clamp-fired stock brick factories producing unique colours, hand-sorted for consistency.

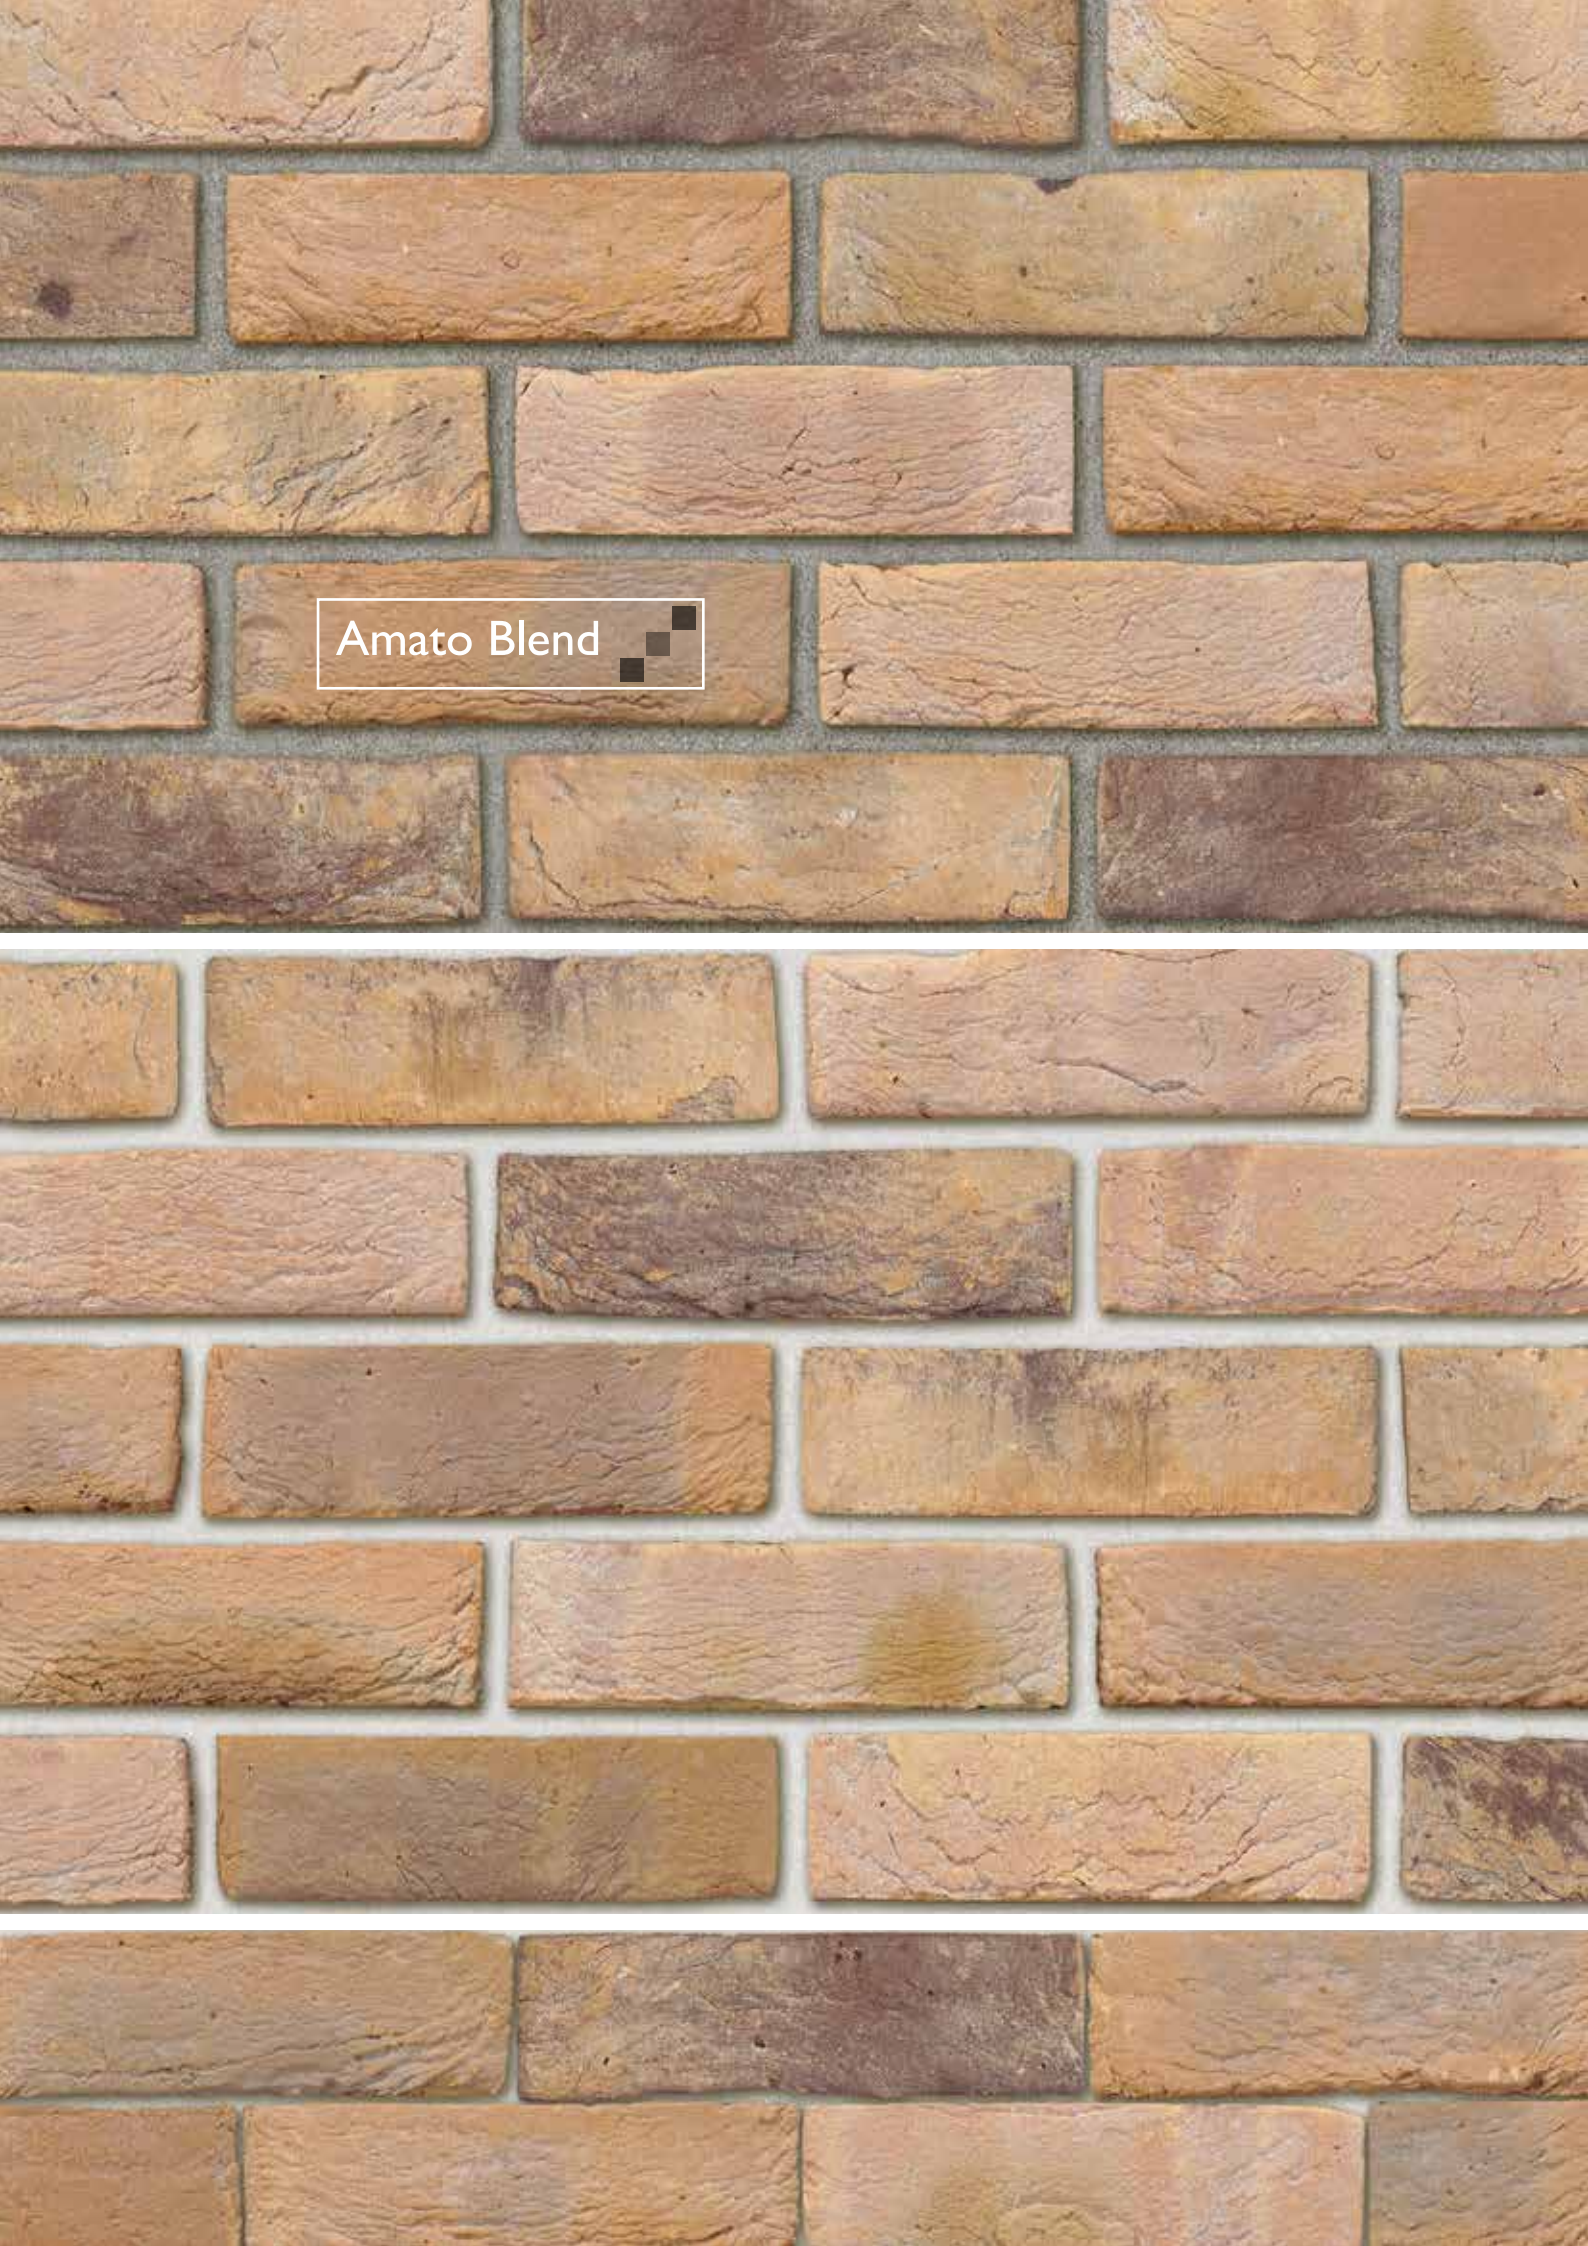

CHAILEY

300 YEARS OF BRICK-MAKING HISTORY

Fired in a traditional clamp to give the distinctive warm Chailey colours. Clamp-fired stock bricks are differentiated from modern clay bricks in terms of colour and texture.

Amato Blend

The image displays a close-up, vertical view of a brick wall. The bricks are rectangular and laid in a traditional running bond pattern. The color palette is a range of earthy reds, from deep, dark burgundies and browns to lighter, more vibrant terracotta and orange-red tones. Each brick shows signs of weathering and age, with visible variations in texture, including some darker staining or patina, particularly on the top and bottom edges. The mortar joints are a light, neutral gray, providing a subtle contrast to the darker bricks. In the upper-middle section, the text "Rustique Blend" is overlaid in a clean, white, sans-serif font. To the right of the text is a small graphic element consisting of three small, dark squares arranged in a diagonal line.

Rustique Blend

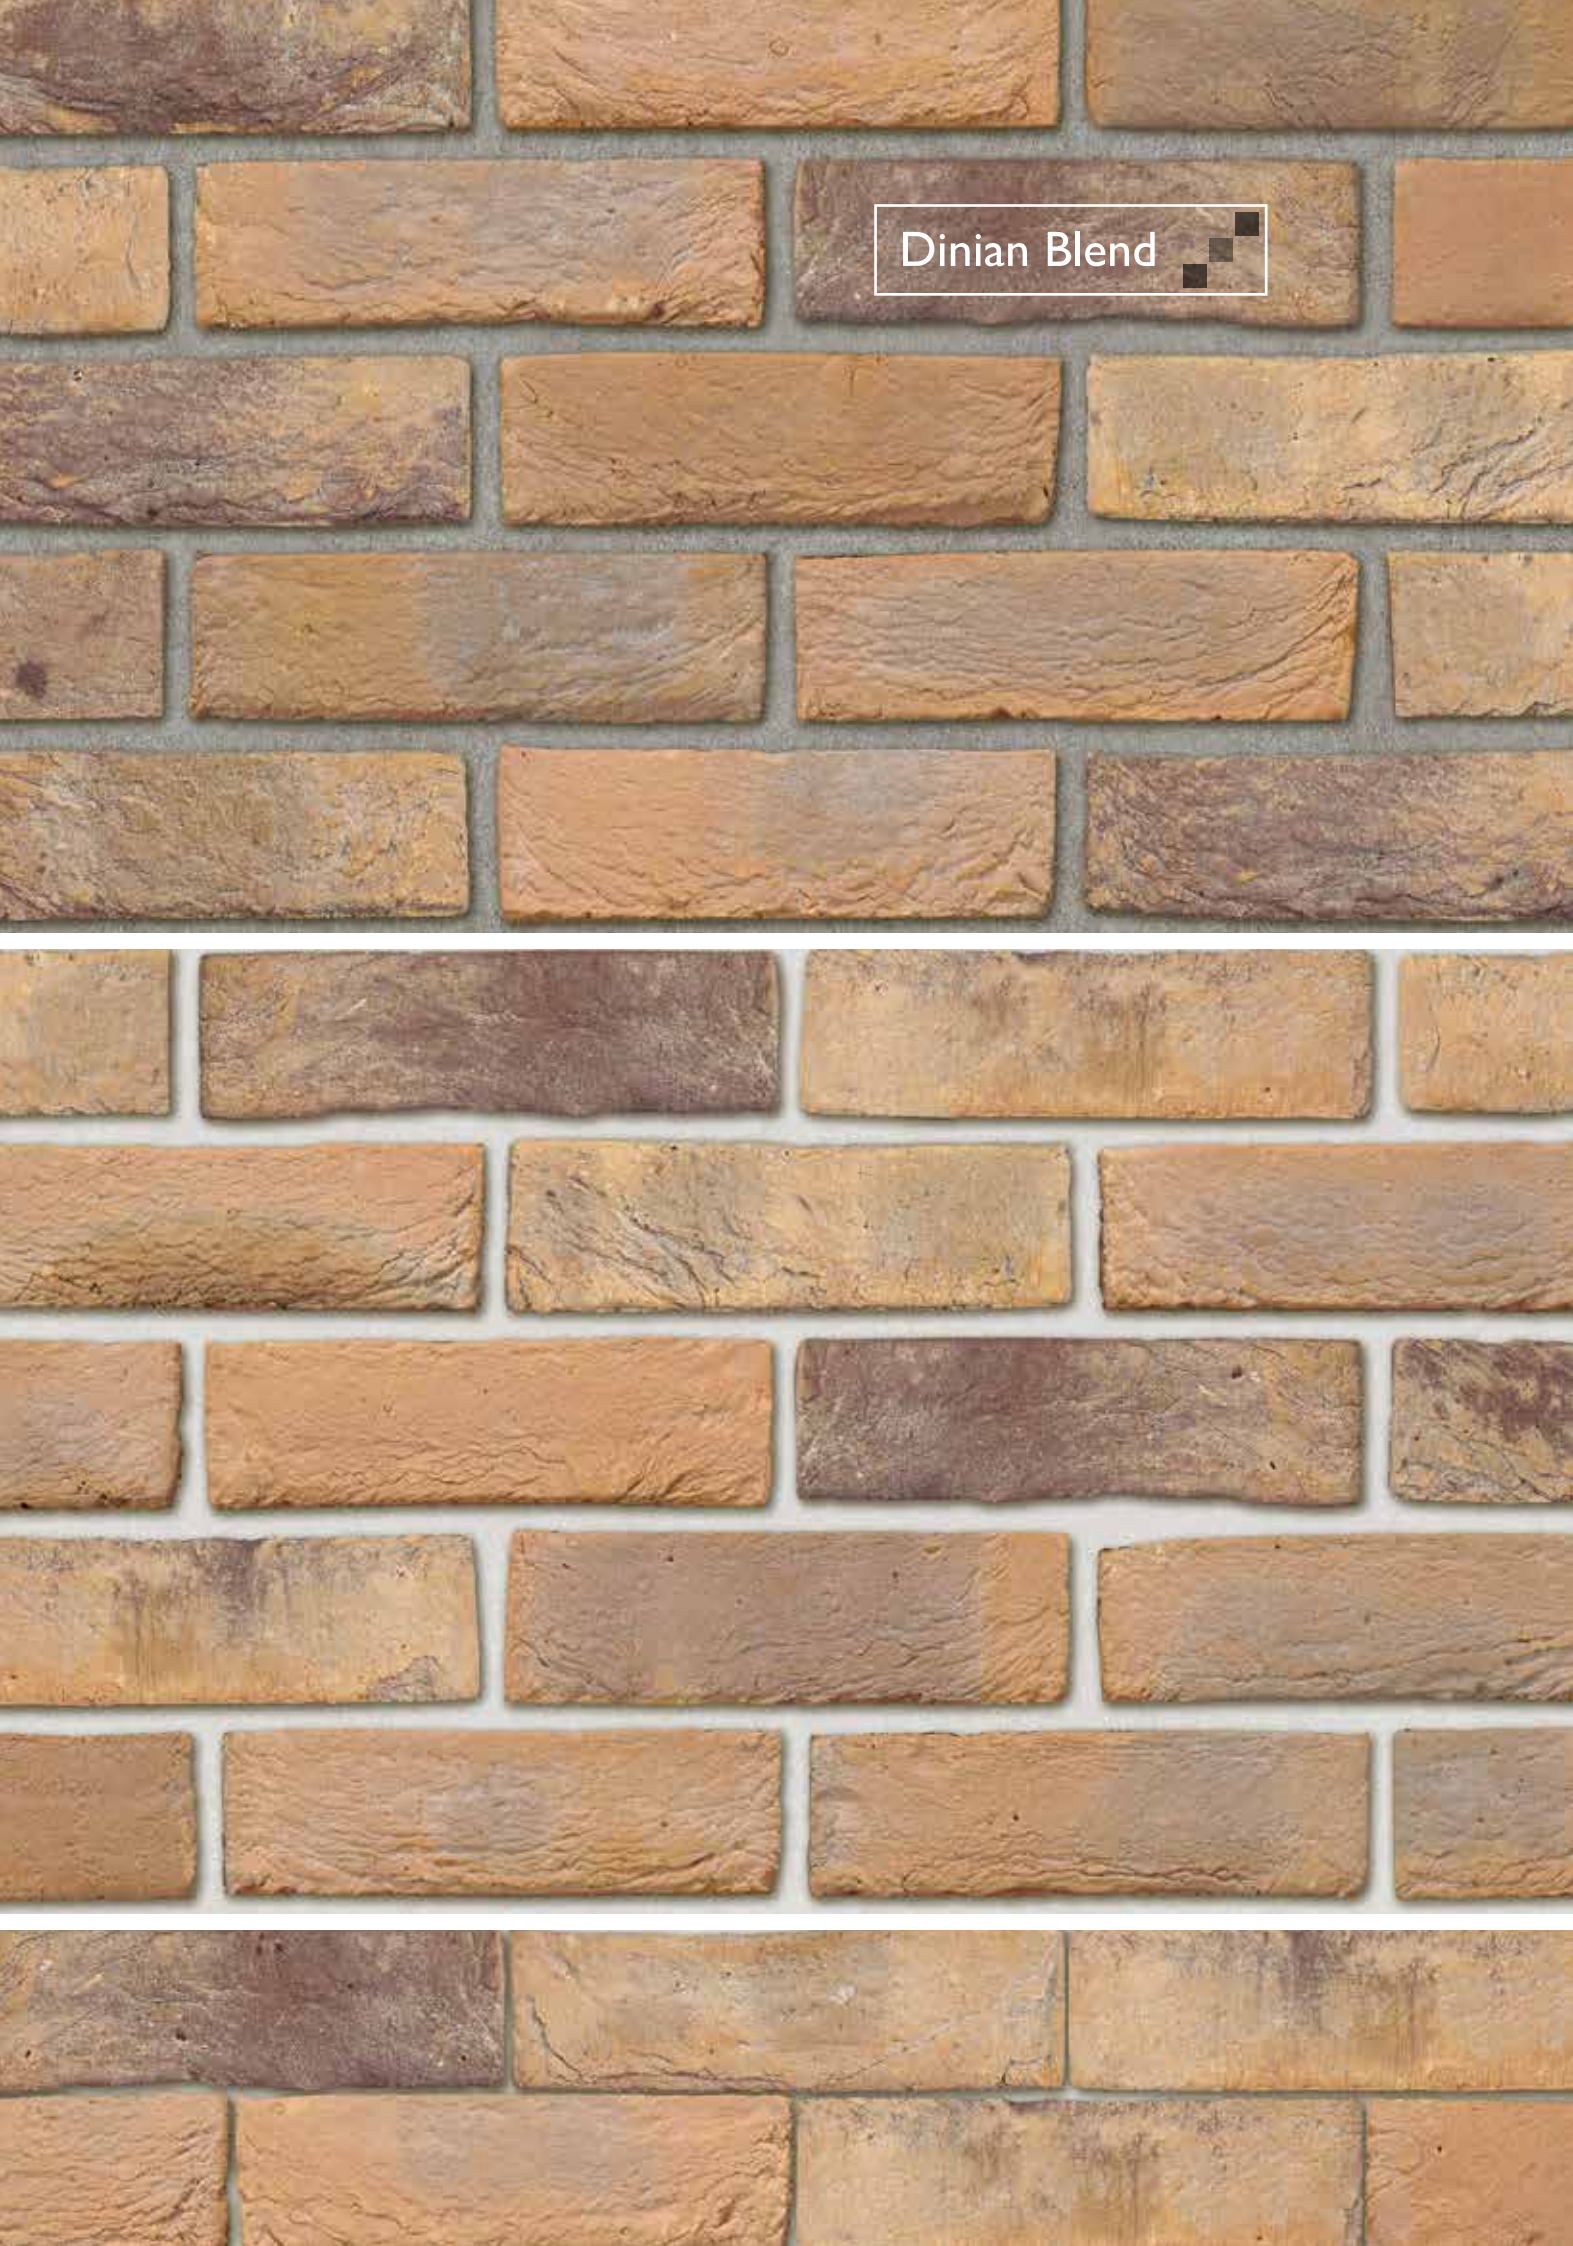

A close-up photograph of a brick wall featuring a 'Bruges Blend' pattern. The bricks are rectangular and laid in a traditional running bond. The color palette is a mix of earthy tones, including deep browns, muted purples, and warm tan or beige hues. The bricks have a weathered, textured appearance with visible grain and some surface wear. The mortar joints are a light, neutral color, providing a subtle contrast to the darker bricks. A white rectangular box with a thin black border is positioned on the left side of the image, containing the text 'Bruges Blend' and a small decorative graphic of three black squares of varying sizes.

Bruges Blend

Dinian Blend

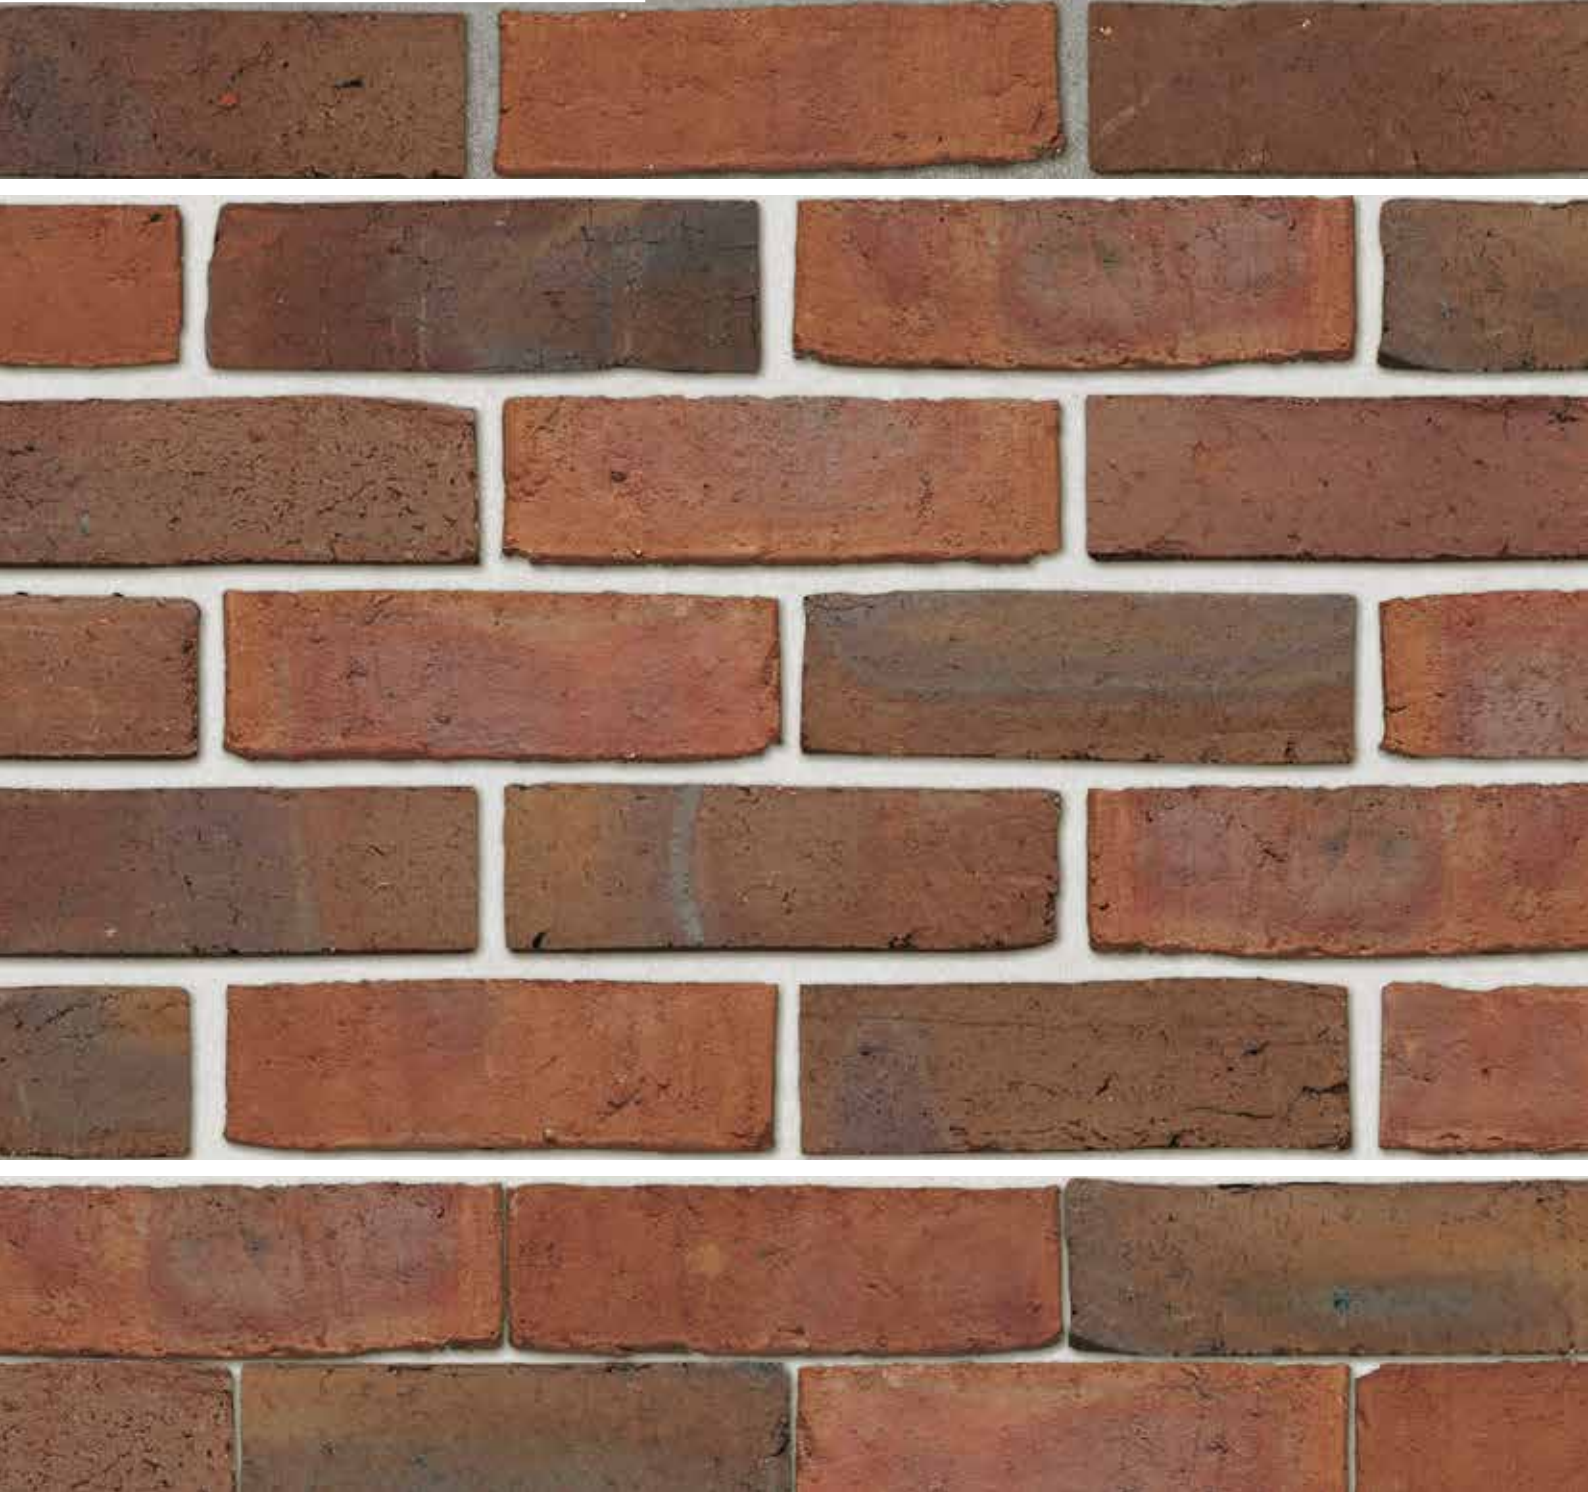

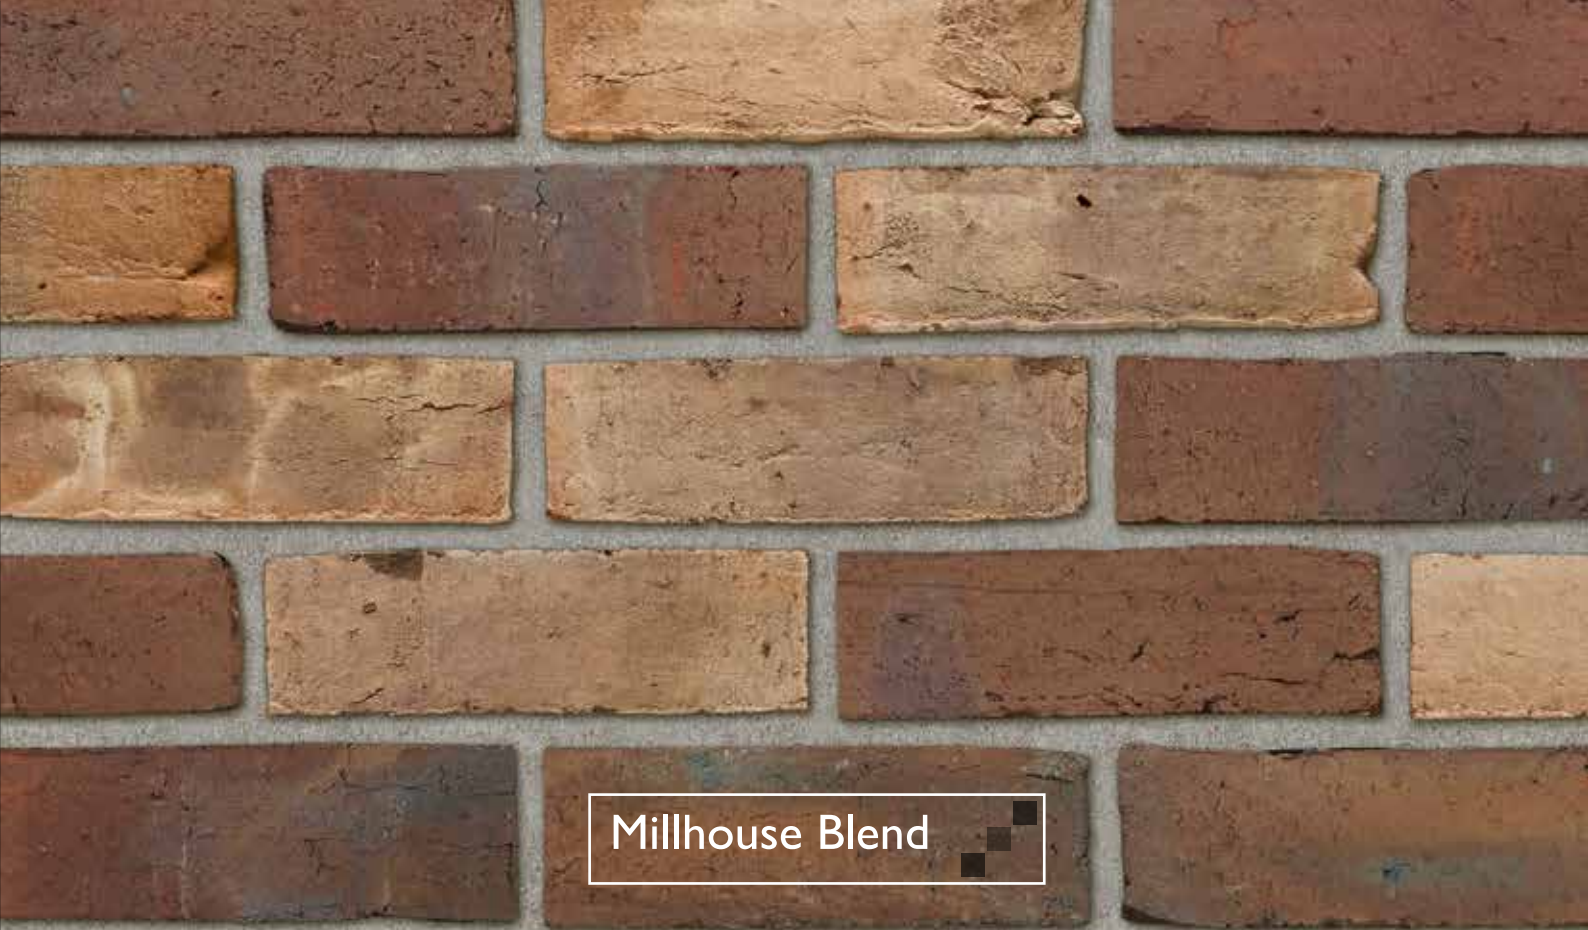

Cumberland Blend

Millhouse Blend

Borrowdale Blend

## Ordering your samples

If you would like to see a sample of one of these beautiful products then please contact Ibstock on 0844 800 4578 and we will arrange for one of our bespoke blend panels to be delivered to you.

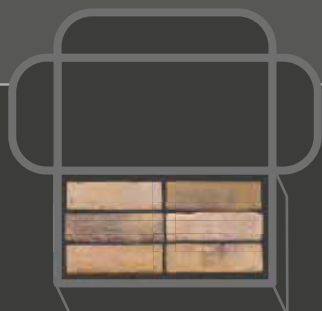

If you are in London, you can view these blends by arranging an appointment with your local Territory Manager at our offices at the following address: The Building Centre, 26 Store St, London WC1E 7BT. Please use the telephone number above to arrange this.

Alternatively, we can send you one of our Blend-Builder boxes, featuring 30 brick slips of your chosen blend so that you can create your own.

### Bespoke Sample Panels

Please call us if you would like to see a sample of these products and we will arrange for a Bespoke Sample Panel of your chosen blend to be brought to you.

### Blend Builder Box

To help you make the most of our sampling service we are offering 30 brick slips with a printed product card for all our blends.

### Blend Builder Website

The Ibstock Blend Builder online tool at [www.ibstock.com/brick-blender](http://www.ibstock.com/brick-blender) allows you to play around and create blends from our entire brick range. Give it a try and create your unique product today.
