Pegler Yorkshire

**INNOVATIVE TRV SOLUTIONS
FOR INSTALLERS**

Terrier

INTRODUCTION

Pegler Yorkshire's reputation is second to none in UK engineering and manufacturing, resulting from a century of experience, expertise, and investment - in excess of £20m over the past 10 years.

Manufactured in state of the art facilities in the UK, to the highest engineering and quality assurance standards, Terrier Radiator Valves are a flagship brand where reliability, confidence and trust are second to none.

STRENGTH OF REPUTATION

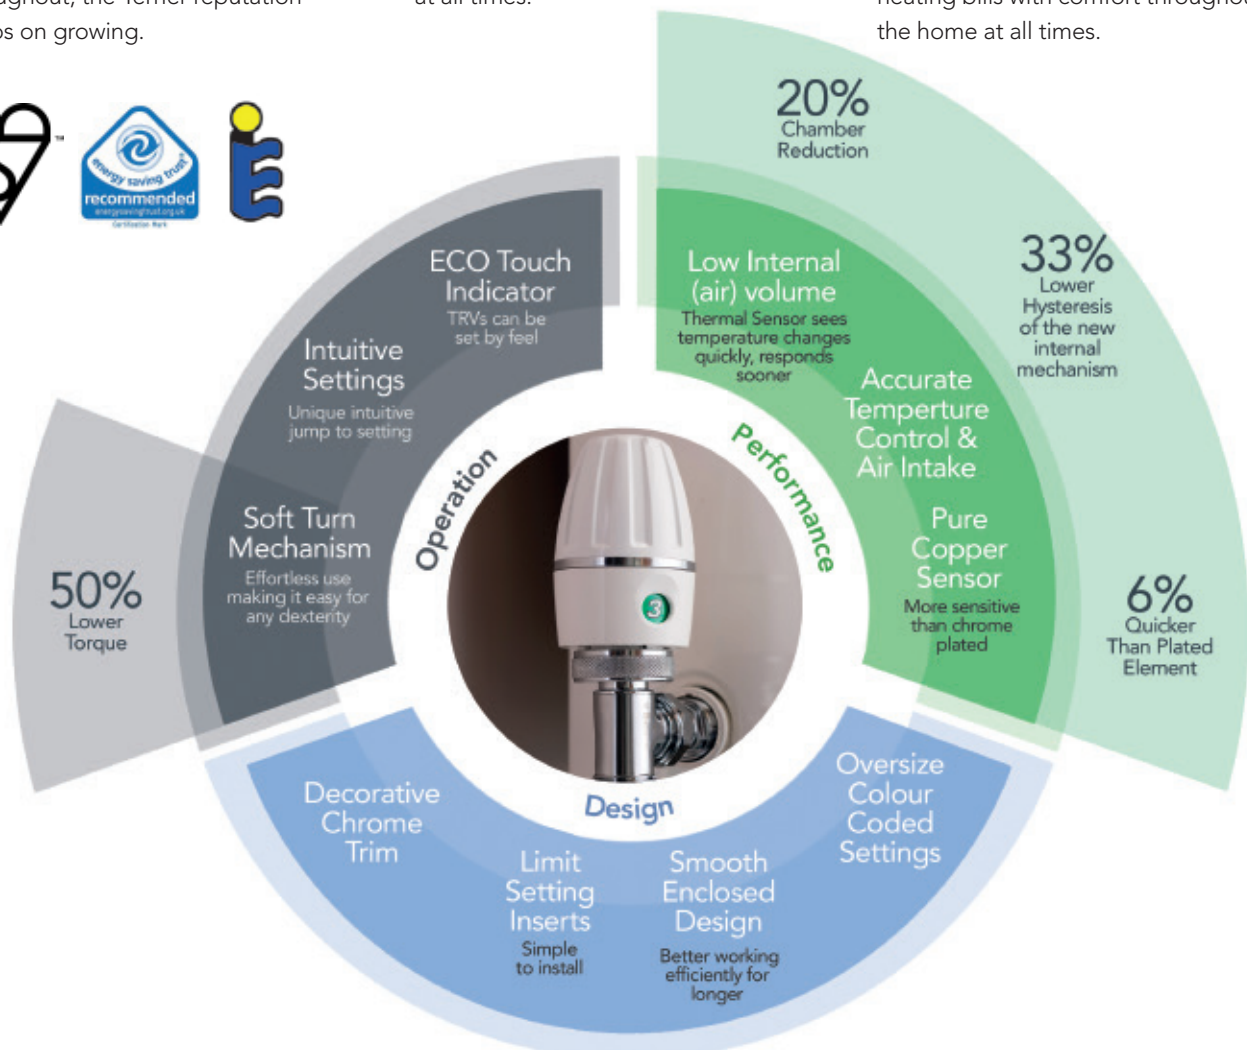

Over 20 million Terrier radiator valves have already been fitted - a market leader for good reason. Based on our fit and forget approach, ease of operation, and exceptional British engineering throughout, the Terrier reputation keeps on growing.

A WEALTH OF EXPERIENCE

Working closely with our customers, the all new Terrier capitalises on the success of its predecessors, with performance that surpasses all its competitors, ensuring complete customer satisfaction at all times.

INNOVATION, PERFORMANCE AND DESIGN

Performance excellence provides rapid temperature control and user response, and the natural eco settings ensure maximum efficiency, saving money on heating bills with comfort throughout the home at all times.

OPERATION BY DESIGN

Renowned for quality, precision and efficiency, Terrier is the most specified radiator valve range in the UK.

EASE OF CONTROL

Ergonomical design provides a positive grip whilst the low friction mechanism makes operation effortless for those with limited dexterity.

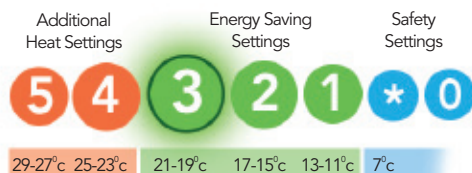

DETAILED INFORMATION

Once installed the user information tag is placed around the collar beneath the TRV to help the user.

SIMPLIFYING THE CHOICE

Large setting window with high contrast icons and intuitive colour coded settings.

TERRIER SERVICE

With an unparalleled level of experience in the heating control market, Pegler Yorkshire shares knowledge with customers through our highly efficient products, solutions and services. Pegler Yorkshire's no-compromise standards of quality, reliability and value for money naturally go hand in hand with our principle of delivering the best in product development and customer service. Our outstanding customer support

service also includes a dedicated helpline direct to our technical team.

GUARANTEE

Where Terrier TRV products are installed and used in accordance with the installation instructions a guarantee of 5 years will apply.

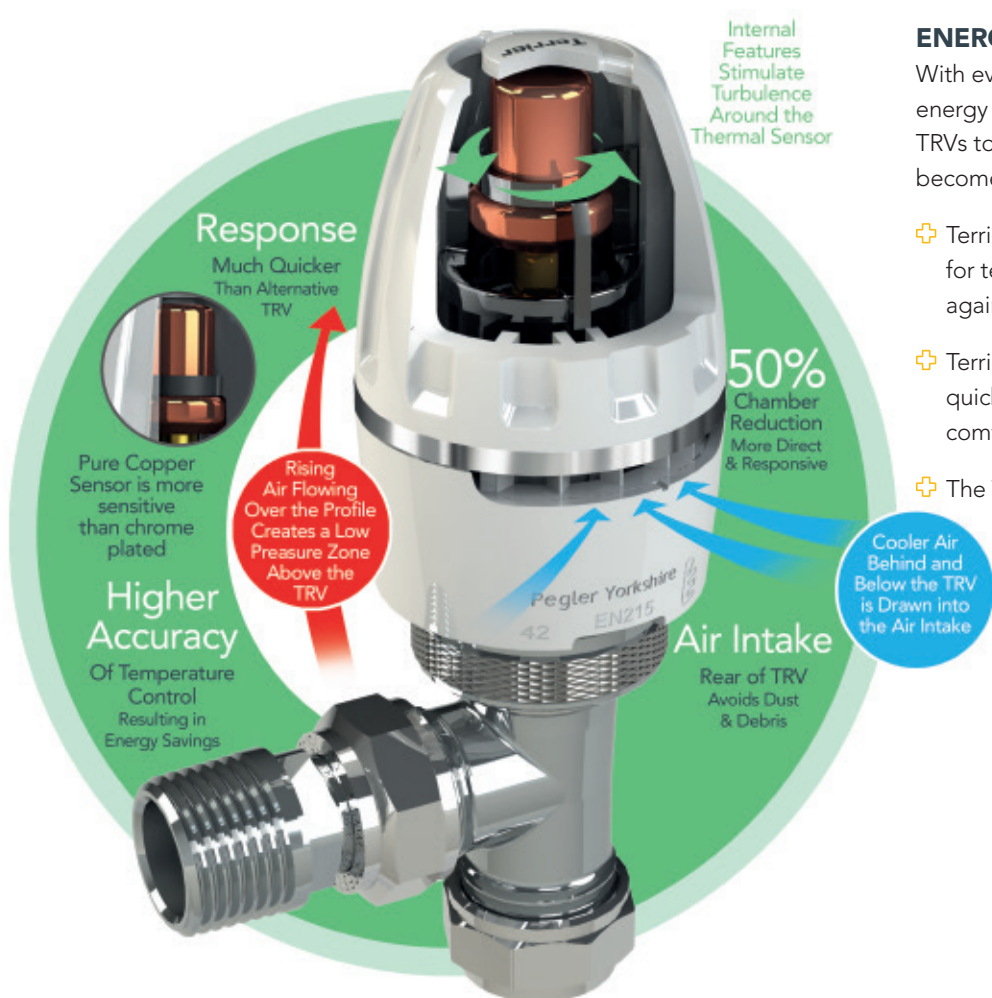

PERFORMANCE

CONNECT + CONTROL

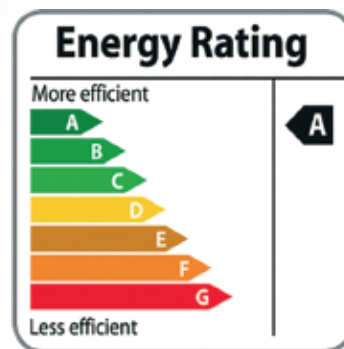

Terrier performance is guaranteed as a result of Pegler Yorkshire's policy of providing products which exceed requirements and expectations at all times.

ENERGY SAVING

With ever growing concerns over rising energy costs, the installation of Terrier TRVs to all domestic properties, must become the norm.

- + Terrier provides even better accuracy for temperature setting especially against competitor TRVs
- + Terrier reaches comfort levels quickly which enables the best comfort for customer
- + The Terrier TRV has an A energy rating

Hysteresis (Kelvin)	Differential Pressure Effect (Bar)	Response (Minutes)	High System Temperature Effect (Kelvin)
EN215 Allowance: 1.2	EN215 Allowance: 1.2	EN215 Allowance: 40	EN215 Allowance: 1.6
New Terrier: 0.6	New Terrier: 0.2	New Terrier: 20	New Terrier: 1.2

TERRIER QUALITY

The Terrier heating range has long been the most trusted and respected in the industry for quality, design and especially reliability. Every product is designed with efficiency and reliability at the forefront, for both installation and functionality.

- + Robust construction under stringent quality control conditions assures a long working life
- + Full compliance with British Kitemark and / or European BS 2767-10, EN215 standards are assured at all times, with full independent testing and certification.

Terrier

FLEXIBILITY, RELIABILITY, TRUST

Installers and contractors throughout the UK rely on their reputation and quality of service and product in order to meet their clients' expectations. Most realise is false economy to fit cheap, lower quality products - end result, fit twice, and lose money.

The Terrier radiator valve solution from Pegler Yorkshire ensures the installer's key aspiration of reputation is the only choice, providing Flexibility, Reliability and Trust, the true measure of longevity and success, and why Terrier is the best selling TRV throughout the UK, it's design, engineering and overall quality making it perfect for both new build & refurb applications.

Terrier's clever innovative functionality supports less able tenants, including living assist, dexterity functions, and visual, making a big of difference to quality of life.

Every newly installed Terrier TRV comes with a Guidance hanger, to ensure all users get the best from their heating, and address any questions, saving time and resource.

KEY FEATURES AND BENEFITS OF THE ALL NEW TERRIER:
