Surface Treatments

Sika® Stone Protector

Water based sealer suitable for all forms of natural stone

Uses

- Suitable for use on natural stone including Indian sandstone, granite, slate and limestone.
- Internal and external use.
- Ideal for use on paths, patio's, concrete and block paving.
- Protects from accidental spillages such as tea, coffee, wine and other foodstuffs.

Benefits & Advantages

- Solvent free - no VOC's.
- Seals and protects natural stone.
- Internal and external use.

Coverage / Usage Approximately

4-8m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Stone Protector	410465	5L	Clear	5055047210993	4	24 boxes

Sika® Concrete Remover

Strong acid based solution for cleaning concrete and cement

Uses

- For the removal of concrete waste, spills and mortar
- Suitable for use on brickwork and tools such as shovels etc
- Brush, spray or immerse

Benefits & Advantages

- Cleans brickwork and tools easily
- Removes limescale

Coverage / Usage Approximately

Dependent upon application

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Concrete Remover	18CRE05	5L	Clear	5055047209850	4	24 boxes

Sika® Brick & Patio Cleaner

Cleaning solution for brickwork, paved patios, paths and drives

Uses

- A liquid cleaner for brickwork, concrete paths, drives and paved patios
- A stain remover and degreaser for brickwork and concrete

Benefits & Advantages

- Removes mortar and cement; efflorescence and dirt
- Fast acting acid based formula.
- For paving, tiles, concrete and brickwork

Coverage / Usage Approximately

4m² per litre

Solvent containing water seal for masonry

Uses

- Ready to use water seal used to protect brick, stone, concrete and masonry against rainwater penetration
- Upon application, Water Seal penetrates to a depth of 5mm, effectively repelling driving rain, which will bead on the surface
- May be applied by brush or low pressure spray

Benefits & Advantages

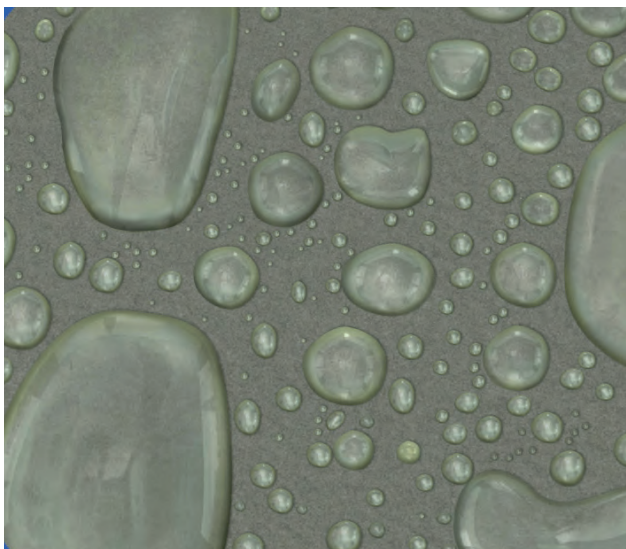

- Treated surfaces are allowed to breathe, ensuring that previously absorbed moisture will evaporate and consequently allow the treated areas to dry out normally
- Protects structures against rain, damp and frost
- Effective for up to 10 years

Coverage / Usage Approximately

2.5-4m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Water Seal	1750005	5L	Clear	5055047210580	4	45 boxes

Sika® Water Repel+

Solvent free water repellent and protector

Uses

- Protects masonry, concrete, brick and stone
- Reduces dirt pick up and moss growth
- Reduces efflorescence of brickwork

Benefits & Advantages

- Invisible protection against rain penetration.
- VOC free.
- Protects masonry, concrete, brick and stone.

Coverage / Usage Approximately

0.2 - 1.5 litres per m2 depending on substrate

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Water Repel+	407296	5L	Clear	5055047210986	4	24 boxes
Sika Water Repel+	438537	25L	Clear	5055492700162	1	24 singles

Release agent for all types of concrete formwork

Uses

- A concrete release agent for precast or in-situ concrete
- Brush, roller or spray applied release agent for clean removal of formwork after concreting work has been completed
- Can be used on steel, shuttering plywood, timber or plastic faced formwork

Benefits & Advantages

- Clean removal after setting
- Improves surface finish and increases form work re-use

Coverage / Usage Approximately

Up to 30m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Release	1750005	5L	Clear	5055047210580	4	45 boxes

Economic ready to use dustproofer for floors

Uses

- A colourless liquid dustproofer for floors
- A hardener for concrete drives, paths and floors
- For garage, industrial and workshop floors

Benefits & Advantages

- Improves wear resistance
- Single pack ready to use
- Dust free finish

Coverage / Usage Approximately

Up to 3m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Dustproofer	18DUS05	5L	Clear	5055047200611	4	24 boxes

Sika® Patio Seal

Sealer and appearance enhancer for new and recently cleaned paving

Uses

- Can be used on all types of concrete and stone paving
- Provides a protective barrier to general dirt, grime and algae
- May be applied to new, refurbished and recently cleaned surfaces

Benefits & Advantages

- Once applied, surfaces are easily cleaned with a simple detergent wash to maintain appearance
- Enhances, protects and seals
- White liquid that dries clear and leaves a sheen finish

Coverage / Usage Approximately

5-6m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Patio Seal	18PAT05	5L	Clear	5055047206354	4	24 boxes

Sika® Block Paving Seal

Sealer for enhancing the appearance and protecting block paving

Uses

- A low odour, clear resin for both vehicle and pedestrian areas
- New and existing drives, forecourts, parking areas, walkways and paths can all be treated

Benefits & Advantages

- Improves wear resistance
- Enhances appearance of block paving
- Single pack ready to use
- Dust free matt finish

Coverage / Usage Approximately

Wood Preservatives

Sikagard® Universal 5 Star Wood Treatment

All-in-one treatment for wood

Uses

- Can be used on most timber and joinery such as floor joists, roof timbers, skirting, door frames, window frames, floorboards and the treatment of replacement timbers
- Protects timber from all types of wood rot, fungi, and wood boring insects (woodworm) including eggs and larvae

Benefits & Advantages

- Solvent / VOC free – provides safer working conditions and environment
- Micro emulsion – provides deep and even penetration, without the need for solvent
- Rapid drying – allows quick and safe handling after treatment
- Non flammable

Coverage / Usage Approximately

5 Litre - 3-4m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sikagard Universal Wood Treatment	171533	5L	Clear	5055047210344	4	39 boxes

Sikagard® Decking Preserver

Protects timber decking against wood rot, decay & surface algae

Uses

- Can be used on most types of timber decking, including treatment of cut end grain
- Protects timber decking against all types of wood rot, fungi, and surface algae
- Can be over painted or stained when dry

Benefits & Advantages

- Solvent / VOC free – provides safer working conditions and environment
- Micro emulsion – provides deep and even penetration, without the need for solvent.
- Rapid drying – allows quick and safe handling after treatment
- Non flammable

Coverage / Usage Approximately

5 Litre - 3-4m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sikagard Decking Preserver	172042	5L	Clear	5055047210405	4	39 boxes

Sikagard® Woodworm Killer

Eradicates woodworm and protects against re-infestation

Uses

- Can be used on furniture, internal woodwork and joinery such as doors, window frames, roof timbers, floorboards, joists and rafters
- Protects timber against all life stages of wood boring insects, specifically woodworm
- Can be over painted, stained or varnished when dry

Benefits & Advantages

- Solvent / VOC free – provides safer working conditions and environment
- Micro emulsion – provides deep and even penetration, without the need for solvent
- Rapid drying – allows quick and safe handling after treatment
- Non flammable

Coverage / Usage Approximately

5 Litre - 3-4m² per litre²

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sikagard Woodworm Killer	172061	5L	Clear	5055047210368	4	39 boxes

Sikagard® Dry Rot Fluid

Kills dry rot and protects against re-growth on masonry and brickwork

Uses

- Used to eradicate and stop the spread of dry rot fungus in masonry and brickwork
- Can be used to sterilise a sub floor over-site where necessary in areas of dry rot out-breaks
- Use in gauging water for the re-rendering of treated masonry or brickwork

Benefits & Advantages

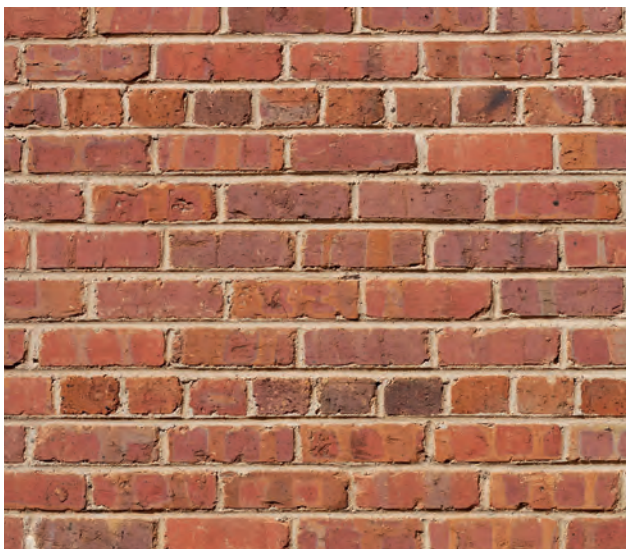

- Solvent/VOC free – provides safer working conditions and environment
- Micro emulsion – provides deep and even penetration, without the need for solvent
- Rapid drying – allows quick and safe handling after treatment
- Non flammable

Coverage / Usage Approximately

5 Litre - 3-4m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sikagard Dry Rot Fluid	172044	5L	Clear	5055047210382	4	39 boxes

Sikagard® Wood Preserver

Prevents wood rot and decay

Uses

- Can be used on most timber and joinery such as fence's, sheds, doors, window frames, roof timbers, floorboards, joists, horticultural timbers and cut ends
- Protects timber from all types of wood rot, mould and wood staining fungi
- Can be used externally or internally

Benefits & Advantages

- Solvent / VOC free – provides safer working conditions and environment
- Micro emulsion – provides deep and even penetration, without the need for solvent
- Rapid drying – allows quick and safe handling after treatment
- Non flammable
- Available in Clear, Dark Oak, Red Cedar, Pine and Fir Green

Coverage / Usage Approximately

5 Litre - 3-4m² per litre

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty

Sika® Mould Cleaner

Removes green moss, algae and mould from surfaces

Uses

- Once diluted Sika Mould Cleaner can be used on all outdoor surfaces including paved areas, patio's, driveways, block pavers, fencing, decking, steps, sheds, glass, Perspex, UPVC, guttering, garden furniture, walls, roofs and slates
- Safe to use around areas such as the garden, kennels, buildings and public areas

Benefits & Advantages

- Solvent/VOC free – non toxic, non corrosive and fully biodegradable
- Easy to use - just apply to the surface and leave
- Effective for 6-12 months
- Available in water soluble sachets – quick and easy pre-measured dose and reduces storage requirements
- Non flammable

Coverage / Usage Approximately

Sachet - Makes up to 5L/Treats up to 50m²

Item Name	Item Code	Pack Size	Colour	Bar Code	Pack Qty	Pallet Qty
Sika Mould Cleaner	172063	Sachet	Clear	5055047210412	12	60 boxes

Surface Treatments

Resiblock Superior (Water Based)

Water based concrete block paving sealer

Uses

- Ideal to bond jointing sand and seal the surface of concrete block paving
- Retains its normal flexural properties

Benefits & Advantages

- Easy application
- Protects against oil, diesel and food staining (guaranteed)
- Resistant to chipping and peeling
- Hard wearing, durable, long lasting and weather resistant
- Prevents against weeds and ants nests
- Enhances the look of old and new paving with lasting colour
- Solvent free and odour free
- Eco-friendly – no VOCs

**No Oil Stains
GUARANTEED**

Coverage / Usage Approximately

Resiblock Superior is a 2-coat system. Coverage can vary depending on absorbency levels, on new concrete pavers an average of 3m² per litre can be expected on the first coat and 6m² per litre on the second coat.

Resiblock tool kit available.
