## Cubicle hardware

It's as easy as 1, 2, 3.  
Follow these simple steps to choose your perfect colour.

- 1

Choose a range.

Your first step is to choose your product from our extensive range.
- 2

Colour options.

Using the chart opposite, select a panel colour that's available for your product choice.
- 3

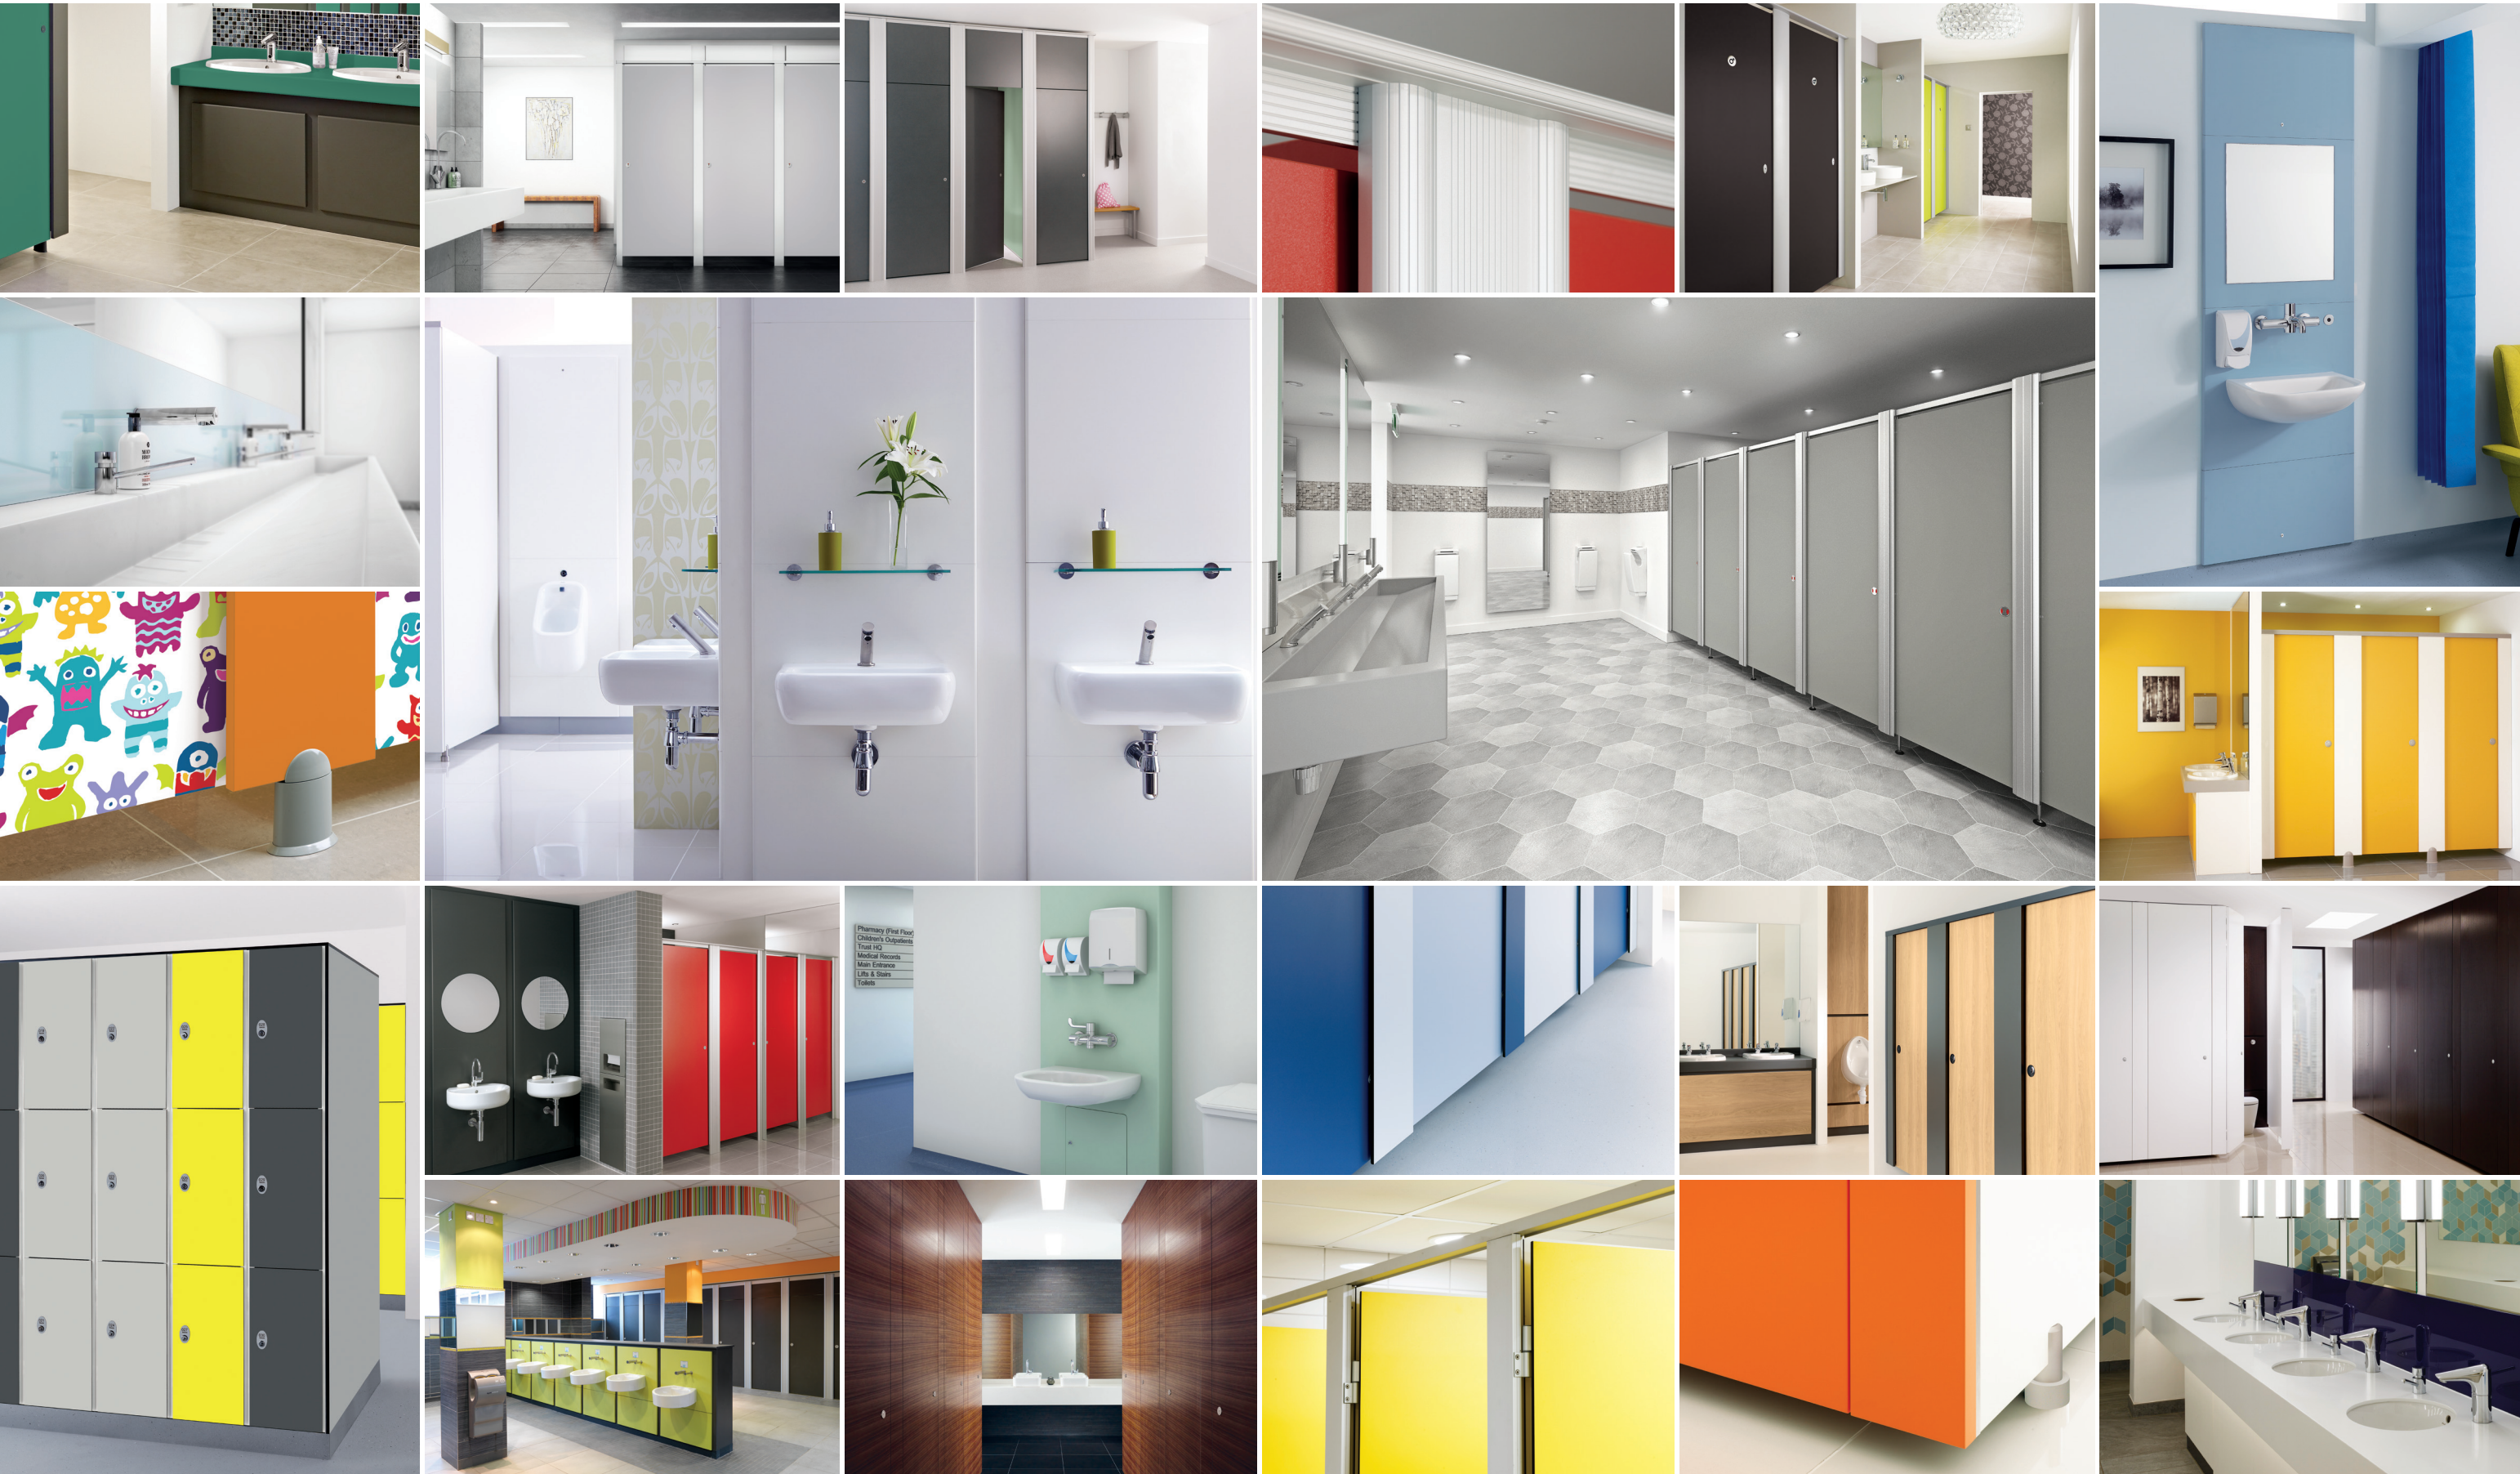

Cubicle hardware.

Now you've chosen your colour, you can select a finish for your hardware.

co-ordinated washroom.

Accent colour

Used sparingly, accent colours are a great way to create contrast or add extra depth to your overall colour scheme.

A little bit of differentiation goes a long way in any washroom environment. The examples below show the effect you can create with one carefully chosen accent colour.

Colour harmonising

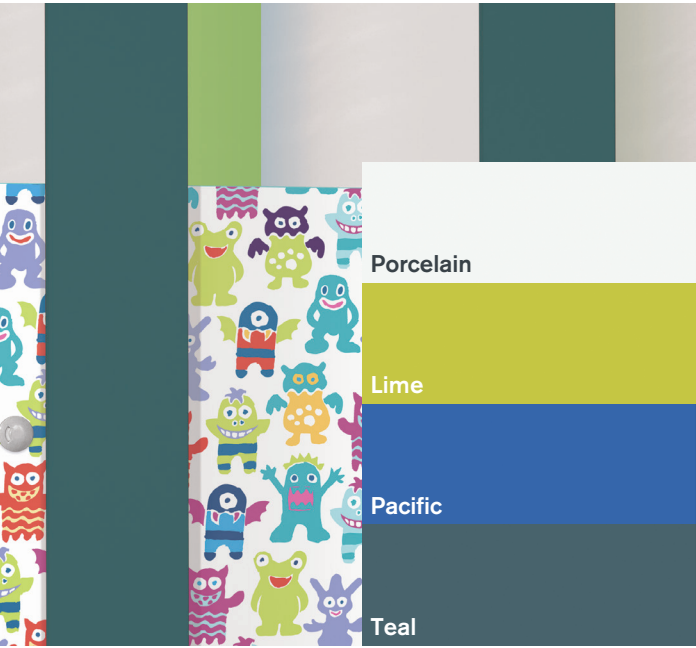

Choose complementary colours for a stunning look that’s dramatic without being overpowering.

Harmonising colours is an effective way of making a lasting impact. Ask our friendly sales team and they’ll help you choose the optimum colour matches for your scheme.

Tonal colour

Select varying shades of the same colour and you'll produce a balanced, co-ordinated finish.

A blend of tonal colours makes a subtle statement. It's a great way to go when you're looking for a more understated aesthetic.

Contrasting colour

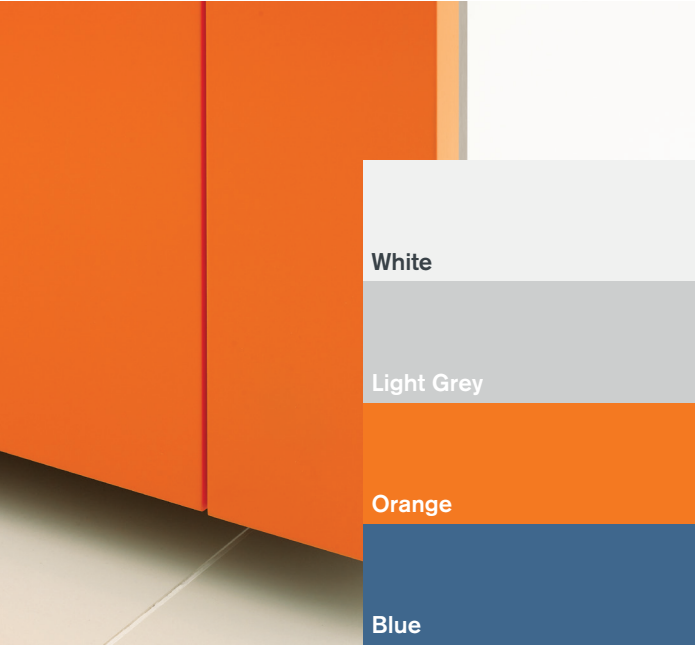

If you're opting for a really dramatic effect, choose contrasting colours.

These bold, bright colours are guaranteed to impress. From bright orange to lime green, if you want to make a big statement, this is the way to do it.

# Granite, Quartz and Solid Surface vanity surfaces

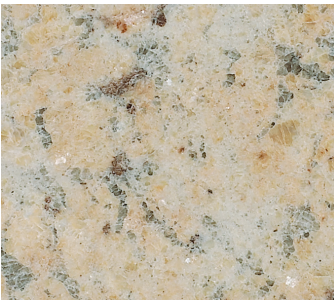

Our inspirational vanity surfaces are the ideal complement to your washroom.

## Granite

For prestigious washroom environments that require exclusivity.

The very nature of granite depicts individuality - each vanity surface will vary in colour and vein, which reflects the beauty of natural stone.

Choose Blue Pearl for a dramatic effect or Ivory Pink to create a calm, sophisticated ambiance.

Rosso Multicolour VEN168

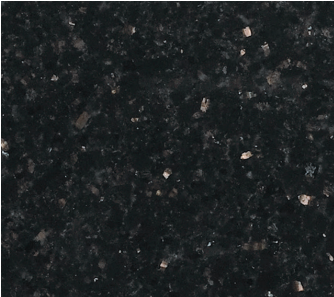

Blue Pearl VEN166

Emerald Pearl VEN165

African Black VEN163

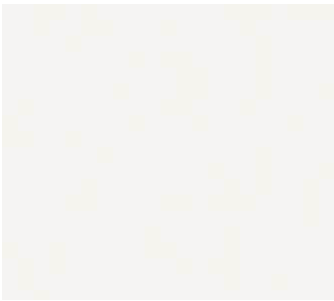

Star Galaxy VEN164

## Quartz

A contemporary vanity surface, combining the stunning visual impact of natural quartz with a resin composite for maximum durability. To create an architectural, engineered appearance, choose from a selection of natural tones with a textured, matt finish.

To add dimension, choose from a palette of highly polished stone effects.
