

Wetroom Design

SOPHISTICATED, BARRIER FREE WETROOM DRAINAGE

Wetroom Design

SOPHISTICATED, BARRIER FREE WETROOM DRAINAGE

Modern Bathroom Design

Wetrooms create a barrier free shower environment that removes the restrictions imposed by conventional products, creating a minimalist approach to design, generating space and allowing freedom of movement.

Wetroom drainage provides the ideal solution to complement modern bathroom design where stylish appearance and efficient function are pre-requisites. ACO wetroom drainage systems achieve the perfect combination of luxury, style and durability.

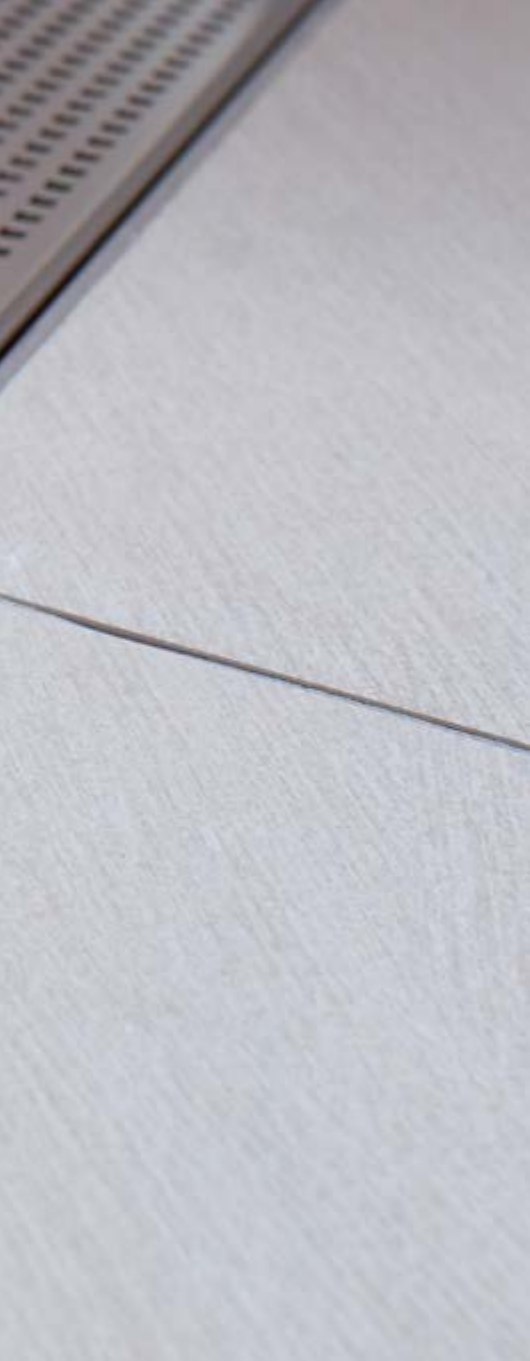

ACO ShowerDrain C Line

ACO ShowerDrain C Line

The ACO ShowerDrain C Line series is characterised by modern design, perfect functionality and high flow capacity.

The stainless steel system is available in a wide range of lengths, to accommodate varying wetroom sizes and each channel comes complete with a choice of grating finishes that work harmoniously with any style of bathroom.

Top quality materials, perfect finishing and outstanding design guarantee that the water in your bathroom flows where you want to, now and a long time into the future.

Add prestige to your wetroom space with the contemporary and elegant Wave grating.

The Quadrato grating's crisp, clean design provides an opulent feel to domestic wetrooms projects.

Simplicity and style meet harmoniously to create the Slot grating making it a must for modern wetroom design projects.

The ultra-modern Tile grating offers a discreet solution for wetroom drainage.

ACO Shower Gullies

ACO Shower Gullies

Stainless steel ACO Shower Gully systems are characterised by compact and attractive design and are ideal for applications where high flow capacity is a key factor.

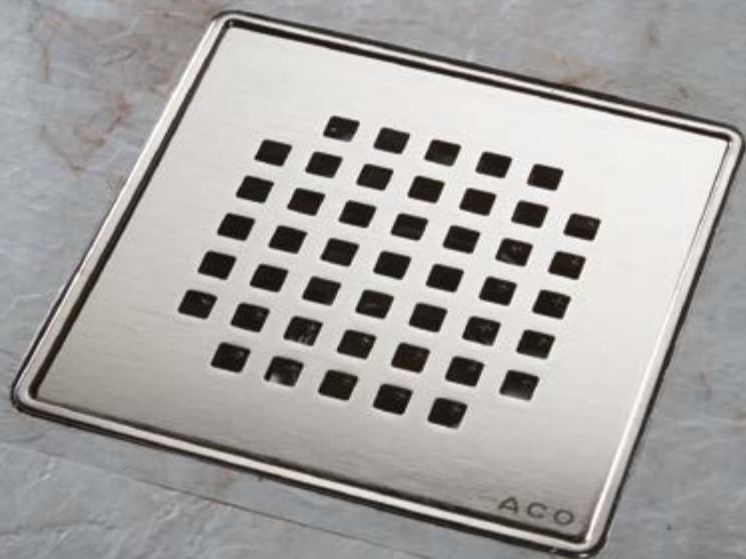

A wide selection of high quality electro-polished stainless steel grating designs are available to match the desired ambience and design effects of your bathroom.

The range provides an ideal drainage solution that complements modern bathroom design, where efficient function and stylish appearance are prerequisites.

*The Wave grating provides a elegant look
that never goes out of style.*

*Add style and flair to your wetroom area
with the modern Quadrato grating.*

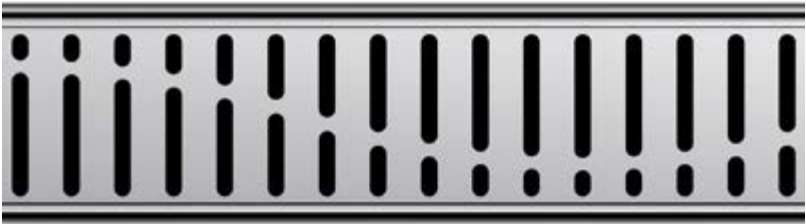

*The contemporary perforated square grate
stands the test of everyday use.*
