Coir sometimes referred to as Coconut Logo mats use a method of hand crafted inlay to create custom-made logos, however the complexity of the logs is exceptional.

These entrance door mats have a natural product appearance and are visually pleasing.

Coir entrance door logo mat products have been servicing doors and entranceways for many years and is DDA compliant only in the 17mm thickness.

Coir matting is available in eleven standard pre-dyed colours and these colours which are used for the background and the logo inlays cannot be changed.

Designed to fit into matwells, Coir logo mats can be produced from electronic images, drawn images, business cards or letter heads.

Coir entrance mats can be used in retail commercial, industrial or public entrance areas.
