Sovereign Decorfil

A water-based filler and sealant for use prior to painting and decorating to fill gaps where movement may occur.

Product Code
30806125

Description

Sovereign Decorfil is a water based filler and sealant for use prior to painting and decorating to fill gaps where movement may occur.

Typical uses are between plaster and door / window frames and also along skirting boards.

Form Supplied: Thixotropic Paste

Pack Sizes: 310 ml

Colour Range: White

Contains: Blend of polymers, rheology modifiers and adhesion promoters.

Properties

Decorfil is easy to apply, dries quickly and can be overpainted in 1 – 2 hours. Decorfil remains permanently flexible after application.

Preparation

Surfaces must be dry, clean, and free of dust, rust, grease, oil and other contaminants. Porous or unsound surfaces should be primed before application with a dilute solution of Sovereign PVA. Deep joints must have the depth reduced to 50% of the width using either Sovereign Expanding Foam or joint backer rod.

USAGE

Gun the sealant firmly into the joint to provide a solid fill. Decorfil can be smoothed using a slightly wetted stick (soapy solution will make tooling easier) or spatula. Tooling must be carried out within 5 minutes of application. Never use fingers to tool down silicone sealants.

GENERAL

Sovereign Decorfil will shrink slightly during drying, for this reason it is best to allow the sealant to cure fully prior to painting to prevent the paint from cracking.

Can be overpainted with emulsion paints after 1 – 2 hours. Allow 24 hours before using oil based paints.

CLEAN UP

Uncured material can be cleaned off with water.

Clean tools immediately after use with soapy water, rinsed with clean water and dried.

DRYING TIME

Sovereign Decorfil has a skinning time of around 5 – 10 minutes and will be tack free in around 1 - 2 hours. Full cure is reached at a rate of 2 mm per 24 hours.

Drying time will be delayed in cold or damp conditions.

COVERAGE

Approximately 12 linear metres for a 5 x 5 mm bead, excluding wastage.

HEALTH & SAFETY

- ! Wash splashes from skin with soap and water, flush eyes with copious amounts of water and seek medical attention if irritation persists.
- ! Contains reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1) [C(M)IT/MIT] & 1,2-benzisothiazol-3(2H)-one [BIT]. May produce an allergic reaction.

Storage: Between 5°C – 30°C.

Shelf Life: 12 months unopened.
