

Echelon Collection

Hyper Durable Powder Coatings for Superior Weathering Performance

Echelon Collection coatings' combination of durability and aesthetic finish brings a lasting impression to your structure, with rich pastel and earth tone colors – including a range of metallic (or perlescent) finishes available in 30% gloss. This system provides excellent performance for your structure's heavily used metal building products, such as curtain-walls, windows, doors, and railings.

Benefits

Incorporating the latest fluoropolymer resin technology, Echelon – Hyper durable architectural powder coating provides:

- Superior durability
- 10 years Florida – AAMA 2605 compliance
- Outstanding resistance to fading and chalking
- Excellent hardness and scratch-resistance for high-traffic areas in airports, shopping centers and educational facilities

Advantages

- One coat system
- Reduced maintenance costs
- Low impact on the environment (VOC free powder coatings that may be reclaimed during application)

For more than 150 years Sherwin-Williams has been a leader in the art and science of coatings that excel in both beauty and function. The Echelon Collection, a powder coating system for exterior and interior metal building products, offers the breadth and flexibility you need for your finishing requirements. Durability and weather resistance are non-negotiable when specifying powder coatings on your metal building products. That's why Echelon Collection coatings are formulated to provide a durable finish with outstanding UV resistance, ensuring your structure withstands the harsh environments it faces for years to come.
